ACKNOWLEDGEMENTS

It gives me immense pleasure to express my deep sense of gratitude to Dr. K. Janardhanan, Reader, Department of Botany, Bharathiar University, Coimbatore for his piercing insight, overall guidance and unfailing help throughout the course of this study.

My sincere thanks are due to Prof. K. M. Marimuthu, Vice chancellor, Bharathiar University, Coimbatore for his encouragement and valuable suggestions.

I owe a debt of gratitude to Prof. K. K. Lakshmanan, Head, Department of Botany, Bharathiar University, Coimbatore for providing necessary laboratory facilities and for encouragement.

I have great pleasure in expressing my gratitude to Prof. I. E. Liener, Department of Biochemistry, College of Biological Sciences, University of Minnesota, St. Paul, Minnesota, USA., for the supply of trypsin and Benzoyl Arginine - p - nitroanilide (BAPNA) as gift samples.

I express my sincere thanks to Dr. David R. Murray, Australia, for his keen interest in this study and help in preparation of this thesis.
I am thankful to Dr. R. Balasubramanian CAS in Botany, University of Madras, Madras for his interest, encouragement and valuable suggestions.

My heartiest thanks are due to Prof. G. M. Reddy, Osmania University, Hyderabad for magnanimously allowing me to utilise the gel scanning facilities available in his laboratory.

I thank Dr. N. Sitaram, Scientist, Centre for Cellular and Molecular Biology (CCMB) Hyderabad, for his help in the automated amino acid analysis.

My heartiest thanks to Dr. Kailash Paliwal and Dr. K. Veluthambi, School of Biological Sciences, Madurai Kamaraj University, Madurai for their help in mineral analysis of some samples by Atomic Absorption Spectrophotometer.

I take this opportunity to thank Mr. Balasubramanian, Librarian, Tamil Nadu Agricultural University (TNAU), Coimbatore for permitting me to avail the library facilities.

I am thankful to Prof. S. Sadasivam, Dr. Manickam, Dr. Thayumanavan of Biochemistry Department, TNAU, Coimbatore for their help at various stages of this study.
I am most grateful to Dr. K. Chiranjivi Rao, Dr. Asokan of Sugarcane Breeding Institute, Coimbatore and all the research scholars of Botany Department Bharathiar University, Coimbatore for their kind help.

I sincerely thank Miss. R. Mary Josephine, Miss. M. Arulmozhi, Mr. P. Sidduraju, and Miss. K. Vijayakumari, Research Scholars, Department of Botany, Bharathiar University, Coimbatore for their timely help which enabled me to complete the thesis work on time.
