

ACKNOWLEDGEMENTS

I express my deep sense of gratitude and indebted to Dr. E. Vajravelu, Joint Director, Botanical Survey of India, Coimbatore for his guidance, constant encouragement, valuable suggestions and facilities rendered throughout the course of the study.

I thank the Director, Botanical Survey of India, Calcutta for providing fellowship for five years under Flora of India Project.

I am grateful to Dr. N.P. Balakrishnan, Former Joint Director, Botanical Survey of India, Coimbatore, for his helpful suggestions and encouragement.

I wish to thank Dr. A.N. Henry, Scientist SF, Botanical Survey of India, Coimbatore for his encouragement and valuable suggestions.

I am greatly indebted to Dr. P. Daniel, Scientist SD, Botanical Survey of India, Coimbatore for going through the manuscript.

It is my pleasure to thank Dr. V.J. Nair, Indian Liaison Officer, Royal Botanic Garden, Kew for his valuable suggestions and various helps.

I express my sincere thanks to Messrs K. Vivekananthan, Scientist B; N.C. Rathakrishnan, M.S. Swaminathan, Botanists; Dr. M. Mohanan and P. Bhargavan, Senior Scientific Assistants for their encouragement and suggestions during the course of the study.

I particularly thank Drs. P.V. Sreekumar, Scientist SC, Botanical Survey of India, Port Blair; M.K. Janarthanam, Lecturer, Goa University, Goa; V.S. Ramachandran, Lecturer, Kongunadu Arts and Science College, Coimbatore and K. Ravikumar, Pondicherry, for their keen interest and enthusiastic help during the course of the study.

I am grateful to Dr. V. Krishnamoorthy, Co-ordinator, Elephant Project, Bombay Natural History Society and his subordinates Messrs Ajay A. Desai, N. Baskar and M. Balasubramanian for their help in the study area.

I wish to thank Dr. N. Sivaganesan, Scientist, Salim Ali Centre for Ornithology and Natural History, Coimbatore for his help with regard to the fauna of the sanctuary.

I thank Dr. H.S. Suresh, Messrs H.S. Dattaraja, K. Surendra Varman, R. Arumugam and Murali, Indian Institute of Science, Bangalore for their help during field studies.

I express my thanks to Prof. K. Udayan, Head of the department of Botany, Bharathiar University, Coimbatore for his constant encouragement.

I would like to thank the Chief Conservator of forests (Wildlife), Madras and various officers and staff of the forest department, Nilgiris for providing permission, help and cooperation during exploration in Mudumalai Wildlife Sanctuary.

My sincere thanks are due to Drs. V.B. Hosagoudar, Pool Officer (CSIR), Botanical Survey of India, Coimbatore; T. Ravishankar, Ethnobotanist, M.S. Swaminathan Research Foundation, Madras; M.B. Viswanathan, Lecturer, Manonmaniam Sundaranar University, Tirunelveli; V. Balasubramaniam, Coimbatore; A. Rajendran, Tiruchirapalli; M.S. Binojkumar, SRF, SACON, Coimbatore for their help in various ways.

I am grateful to Messrs. N. Rajagopalan, Jr. Sci. Asst. and V. Lakshmanan, former Sr. Sci. Asst., Botanical Survey of India, Coimbatore for their whole hearted help and cooperation in field collection and in the preparation of herbarium specimens.

My thanks are due to Mr. A.K. Pathak, Scientist SD (System Analyst), Mrs. G. Geethalakshmi, Data Entry Operator for their help in computer work; Messrs. R. Suresh and A.T. Durgadas for the line drawings of interesting specimens and P. Balasubramanyam, Lib. Assistant for his co-operation for consulting the library.

I am particularly thankful to Mr. N.G. Rajasekharan Nair for meticulously typing the thesis and Mr. A. Michael Raj for his help.
