Acknowledgement

As I write these few lines of acknowledgment for the individuals whose support enabled me to successfully complete this study, my head bows down in reverence to the Almighty who gave me the strength and belief to trek my educational journey to this summit.

I would like to express my heartiest and sincere gratitude to my research supervisor Dr. A.K. Sinha, whose guidance, stimulating interest, encouragement, exceptional ideas and creative criticism encouraged me to face insurmountable challenges. I am also deeply indebted to his family for all the love and support.

It is an honour for me to thanks Dr. P. S. Ahuja, Director, Institute of Himalayan Bioresource Technology (IHBT), Palampur (H.P.), for his moral support as well as for providing the necessary facilities required for completion of this research work.

I owe my deepest gratitude to Dr. Dinkar Sahal (ICGEB, New Delhi) for his constructive suggestions and support throughout our collaborative work regarding antimalarial studies.

I am immensely grateful to Dr. Bikram Singh (Head), Dr. V.K. Kaul, Er. G. D. Kiran Babu, Dr. Partha Ghosh (NPP Division, IHBT), Dr. Arvind Gulati (HATS Division, IHBT), Dr. Madhu Sharma & Dr. Shashi Bhushan (Biotech Division, IHBT) for their help and moral support. A great deal of appreciation is due to the technical and non-technical staff of NPP especially Mr. Shiv Kumar, Mrs. Pratap Singh, Mr. K Tandon and Mr. S. C Verma for their help in analysis of compounds.

I feel obliged to Prof. Subodh Kumar (Head, Dept. of Chemistry, GNDU, Amritsar) and Prof. M. P. Singh Ishar (Dept. of Pharmaceutical Sciences, GNDU, Amritsar) for their support and constructive suggestions throughout this research work.

I owe my thanks to colleagues in the lab, Amit, Saima, Rakesh, Nandini, Rajesh, Aarti, Yogesh, Richa, Nittin, Nidhi, Richa Verma and Aditya for their cooperation and all the wonderful time in the lab.

My thanks are also due for the former members of my lab, Dr. Abhishek Sharma, Dr. Vinod Kumar, Dr. Upendra K. Sharma and Dr. Anuj Sharma for their guidance and encouragement.

I would also thank all the IHBT staff especially Dr. Aparna Maitra Pati (Incharge, PPME), Mr. Mukhtar Singh (Library), Mr. Prasanta Behera (Library), Shrawan Ji (Library) and Sh. Deopal Ji (NPP Division) for their direct or indirect help during this dissertation.

My special thanks to three of my teachers Mrs. Deepika Kansal, Mrs. Sangeeta Sharma, Prof. Inderjeet Kaur and my senior N. Deepika Khanna for their help in the formative years of my education and for being my source of inspiration from school to university and in further life.

I am proud to have friends like Amrina Shafi, Anushree Gupta, Bandana, Vanita and Meenakshi with whom I shared not only the happiest times but also the difficult moments of my life. I am thankful to Ashwani and Sandeep (GNDU) for their cooperation and help during my visits to Amritsar.

I acknowledge CSIR for providing financial support as JRF and SRF during this study.

This acknowledgment will never be complete without my gratitude to my family whose plenteous support enabled me to tread on the path of learning. I am indebted to my parents for their endless love, guidance and for always being there for me. I am grateful to the elders in my family Sh. Virender Sharma and Smt. Poonam Sharma for their support at different situations of my life. I am also thankful to my brother Manoj for his loving support. I can never forget the contributions of my sister Pooja who took care of all my responsibilities while I was away from home for my education. I would fondly cherish her loving memories.
