A Word of Gratitude

To My Esteemed Teacher and Supervisor

Dr. Tejinder Kaur

I cannot find words to express my gratitude to my esteemed supervisor Dr. Tejinder Kaur. Words would rather fail to explain my deep feelings of gratitude and indebtedness for her. It is the supreme art of the teacher to awaken joy in creative expression and knowledge. She has been a source of constant support, encouragement and inspiration for me. She gave her valuable suggestions at every step in completion of this thesis. She is a pillar of support, an epitome of strength, as loving as a mother, as strict as a father, as caring as a friend, a disciplinarian, yet always so approachable and warm at heart.

In her, I have found a friend, philosopher and guide. Whatever mistakes I did she was always there to correct me and always stood by my side. Whenever I needed her she was always there. With her guidance, seemingly difficult things became easy. She taught me to keep trying and to never to lose hope. Patient listening, a highly practical, objective and professional approach to problem solving and decision making, ability to stay calm and relaxed and most importantly a deep caring and affectionate attitude are the most wonderful qualities which I discovered in her. I am glad to be her student and it was indeed my privilege to work under her guidance.

heartfelt gratitude I record my obligation to my Tauji “Late Shree Acharya Umesh Shastri” whose blessings and prayers were very helpful to me in completing the research study successfully.

The present study would have not been completed without the blessings of my uncle Mr. Ganesh Narayan Paliwal.

I am especially grateful to my parents, who supported me emotionally and financially. I always knew that you believed in me and wanted the best for me. Thank you for teaching me that my job in life was to learn, to be happy and to know and understand myself; only then could I know and understand others. I am greatly indebted to my Brother Mr. Rohit Paliwal, who believed in me and cheered me up in the most stressful of times. This research study would have remained a dream had it not been for him.

Last but not the least; I owe a very special thanks to my friends Mr. Naresh Runwal and Ms. Suman Vyas for their whole hearted cooperation throughout the research study, which made my work easier.

It is not possible to name all the persons who have consciously or unconsciously helped me in accomplishing this piece of work, but no one is missed out in my thoughts and feeling for extending words of thanks and everlasting gratitude.
