

ACKNOWLEDGEMENTS

Words fail to express my feelings of deep gratitude, indebtedness and reverence to my esteemed teacher and research supervisor Dr. S.P.S. Dahiya, Professor and Head, Department of English and Foreign Languages, Maharshi Dayanand University, Rohtak, who always took keen interest in my research work. He has always been a source of constant inspiration to me and without his scholarly guidance and encouraging attitude, the thesis would not have been completed. It has been indeed an extreme privilege and one of the most rewarding experiences of my life to have been associated with a person of his caliber. I convey my personal gratitude to Mrs. Chander Kala, his wife and Sherry, his affectionate daughter for their cooperation and encouragement.

I extend my heartiest thanks to Dr. S.S. Sangwan, Professor, Department of English and Foreign Languages, Maharshi Dayanand University, Rohtak, who provided me with keen critical insights into my research work.

I record my appreciation for cooperation extended to me by the staff of different libraries like Central Library, M.D. University, Rohtak and American Library, New Delhi for the facilities they provided to me for consulting study material in preparing this thesis.

I am highly indebted to my respected and loving parents who always gave me exceptional encouragement and confidence at every stage of my life and without their love, blessings and emotional support I would not have achieved whatever little I have.

My loving and darling son, Madhav, always cheered me up and exhorted me to complete the thesis so that he could sit in my lap for hours together.

I shall be failing in my duty if I do not convey my thanks and appreciation to Mr. Rajkumar Pahwa for typing this manuscript so neatly and meticulously.

Above all, I thank the Almighty God for showering His blessings upon me.

(Ritu Dhawan)
