CONTENTS

Chapter 1  Introduction

Effects of Music  1
Components of Music  3
Music in therapy and the use of Ragas  9
A brief Account of Melakartha and classification of Ragas  10
Music in Schools  14
Music as guidance  15
Musical Therapeutics  17
Relaxation Training  19
Theories of relaxation  19
Distinctive features of relaxation Training Method  21
Behavioral Relaxation Method  24
Techniques of relaxation  25
Similarities in Relaxation of Music and BRT  26
Behavior problems of children in the classroom  27
Scope of the study  33
Key concepts  35

Chapter II  Introduction

Music and Learning  38
Music Therapy  38
Music with Handicapped Children  41
Influence of music in other fields  42
Chapter II

Music and Perception 43
Relaxation Training 45
Low frequency sound in vibrational medicine 50
Low frequency sound in the physio acoustic Method 51
Behavior problems in classroom 51
Indian Studies on Music 55

Chapter III  Research Methodology 63
Aim of the study 63
Objectives of the study 63
Hypothesis 63
Rationale for hypothesis 64
Research Design 64
Tools for the Research 66
Description and development of tools 66
Sample selection for the study 81
Administration of the program 82
Classification of Results 84

Chapter IV  Results and Discussion 86

Chapter V  Summary and Conclusion 157
