3. **Principal Component Analysis** .............................................. 57 – 64
   Factor Analysis ......................................................... 57
   Principal Component Analysis .......................................... 57
   Mathematical formulation of Principal Component Model .......... 58
   Standardisation of the variables ...................................... 59
   Relationship between eigen values and variances .................. 60
   Rotation phase .......................................................... 62
   Estimation of Factor score coefficients ................................ 63
   Final factor score coefficients ........................................ 63
   Final score of the districts ............................................ 63
   Bibliography ............................................................. 64

4. **Pattern of Development in Agriculture and Allied Sector** ......... 65 – 77
   Introduction ........................................................................ 65
   Trend of inter-district growth of Agricultural activities in Manipur 69
   Shifting/Fluming Cultivation in Hill Districts of Manipur .......... 69
   Choice of indicators ..................................................... 69
   Rationale for the choice of the indicators ............................ 70
   Conclusion ....................................................................... 75
   Recommendation .......................................................... 75
   Bibliography ................................................................. 76

5. **Pattern of Development in Transport and Communication Sector** ... 78 – 96
   Introduction ....................................................................... 78
   Transport and Communication system in North-Eastern Region vis-à-vis Manipur 79
   National Highways in Manipur ............................................ 80
   Transport scenario in Manipur ............................................ 81
   Expansion of road system in Manipur .................................. 84
   Trend of road accident vis-à-vis expansion/ upgradation of transportation system 85
   Role of Manipur State Road Transport Corporation (MSRTC) in Manipur 87
   Post and Telegraph ......................................................... 88
   Status on Telecommunication in Manipur .............................. 88
   Introduction of STD in Manipur .......................................... 90
   Operationalisation and impact of FAX in Manipur ................. 91
   Arrival of Internet facilities in Manipur ............................... 91
   Choice of indicators ..................................................... 91
   Rationale for the choice of indicators ................................. 92
   Conclusion ....................................................................... 95
   Recommendation .......................................................... 95
   Bibliography ................................................................. 96

6. **Pattern of development in Economic Infrastructure** .................. 97 - 121
   Introduction ...................................................................... 97
   Pattern of development in Water Supply ................................ 97
   Source of Water .............................................................. 98
   Implementing Departments ............................................... 98
   Pattern of Water Management .......................................... 98
   Pattern of Water Supply in Rural area in Manipur ................. 100
   Status of the villages covered under Water Supply ............... 100
   Status of water supply in Imphal & adjoining areas ............... 102
   Status of water supply in the towns in Manipur .................... 104
   Pattern of development in Power in Manipur ....................... 106
   Power scenario-past and present ....................................... 106
   Power scenario of Manipur vis-à-vis All India ..................... 107
   Source of Power/Electricity in Manipur ............................... 110
   Rural Electrification Corporation (REC) in Manipur ............... 111
Pattern of development in Veterinary & Animal Husbandry ................. 112
Status on the development of infrastructure relating to veterinary and Animal Husbandry
Choice of indicators .................................................. 115
Rationale for the choice of the indicators .................................. 116
Conclusion .............................................................. 119

7. **Pattern of development in Social Services** ............... 122-135
Introduction ...................................................................... 122
Pattern of development in Education ..................................... 122
The growth of scholars in different Educational institutions ........ 123
Pattern of development in Medical and Public Health Services .......... 126
Pattern of development in banking services .............................. 128
Choice of indicators ......................................................... 129
Rational for the choice of the indicators .................................... 129
Conclusion .............................................................. 134
Recommendation ............................................................. 134
Bibliography .................................................................... 135

8. **Pattern of development in Industry and Allied Sectors** .... 136-146
Introduction ...................................................................... 136
Main factor attributing towards the slow pace of the growth of Industry in Manipur
Industrialisation in Manipur .................................................. 138
Initiatives of the Govt. of Manipur towards the establishment of small scale industries in Manipur.
Status on the public sector undertakings under Industry Deptt, Govt. of Manipur
Choice of indicators ......................................................... 142
Conclusion .............................................................. 145
Recommendation ............................................................. 145
Bibliography .................................................................... 146

9. **CONCLUSIONS AND SUGGESTIONS** .................. 147 – 152
Pattern of development in aggregate level .............................. 147
Toward equalisation of development ..................................... 149
Few suggestions/recommendations towards the development of the districts

**ANNEXURES** ................................................................. A1 – A35
Basic Economic Data Relating to Agriculture and Allied Sectors; ANNEXURE – A1
Source of District-wise Data for Basic Economic Data relating to Agriculture and Allied; ANNEXURE-A1D
Agriculture and Allied Sector Indicators matrix; ANNEXURE – A2
Standardised Matrix; ANNEXURE – A3 ................................. A4
Scored Matrix; ANNEXURE – A4 ........................................ A4
Basic Economic Data Relating to Transport and Communication; ANNEXURE-B1
Source of District-wise Data for Basic Economic Data relating to Transport and communication; ANNEXURE-B1D
Transport and Communication Sectors Indicators matrix; ANNEXURE-B2
Standardised matrix; ANNEXURE-B3 ..................................... A8
Scored — matrix; ANNEXURE – B4 ...................................... A8
Basic Economic Data Relating to Economic Infrastructure Sectors; ANNEXURE-C1
Source of District-wise Data on Basic Economic Data relating to Economic Infrastructure Indicators matrix; ANNEXURE-C1D
Economic Infrastructure Indicators matrix; ANNEXURE-C2 .......... A11
Standardised matrix; ANNEXURE-C3 ................................. A12
Scored matrix; ANNEXURE-C4 ........................................ A13
List of tables

1.1 Districtwise P.C. distribution of population in Manipur from 1961 to 1991 census ............................... 4
1.2 Annual exponential growth rates of population (1951-91) .................. 5
1.3 Characteristics of 1991 Census of Manipur vis-à-vis All India ........... 6
1.4 District-wise Area, Population and density of population ................ 7
1.5 District-wise sex ratio of Manipur for 1981-1991 .......................... 8
1.6 Trend of composition of population by religion ....................... 9
1.7 State Domestic Product (SDP) of Manipur at constant price ............... 10
1.8 No. of job-seekers as per live Register on June 1999 (district-wise) . 13
4.1 Trend of agricultural area in rice vis-à-vis the production of rice ... 67
5.1 No. of vehicles registered in D.T.O. in Manipur as on 31-3-1998 . 82
5.2 Registration of vehicles, district transport office (DTO) wise as on 31-3-1998 83
5.3 Growth of roads in Manipur during the year 1980 to the year 1992 84
5.4 Growth of selected vehicles in Manipur ................................. 85
5.5 Comparative picture of the selected variables of Transport and Communication of Manipur vis-a-vis All India & few selected states 86
5.6 Trend of Road accidents in Manipur ................................. 87
5.7 Alphabetical list of Telephone Exchanges in Manipur ....................... 89
6.1 Rural Urban population (1991 census) ................................ 99
6.2 Status of villages cover under Water Supply ............................ 101
6.3 Water demand of Imphal city and its suburbs .......................... 102
6.4 Installed capacities of the schemes of Imphal Water Supply as on July, 1998 103
6.5 List of the Augmentation schemes for the towns under State Plan 104
6.6 Selected variable on Power Scenario of Manipur in 1981 & 1991 107
6.7 Selected indicators on Power of Manipur vis-à-vis All – India average 108
6.8 Trend of transmission and distribution losses of Manipur vis-à-vis All-India average as % of electricity available 109
6.9 Small Hydro Potential North East ................................ 110
6.10 Status of the performance of REC in NE status ...................... 111
6.11 Selected development indicator relating to veterinary and Animal Husbandry in 1975 & 1990-91 113
6.12 Livestock population of selected species of livestock census 1984 vis-à-vis livestock census 1987 in Manipur.

7.1 Growth of Educational institution during 1955-56 to 1990-91

7.2 Growth of scholars in selected categories of Educational institutions during the period 1971-91 in Manipur

7.3 No. of successful candidates for the selected categories of examination in the year 1970-1971 and 1990-91

7.4 Trend of literacy in Manipur (1951-1991)

7.5 Important development indicators pertaining to Health

7.6 Selected variables pertaining to medical/health services (district-wise) in 1991-92

8.1 Trend of the selected registered factories by Industries

8.2 Annual growth rate of factories by industries during the period 1970 to 1991 and 1980 to 1991
