First of all I express my heartiest thanks to ‘Almighty’ for pouring his care and blessings throughout and running all things in right direction.

It is my great privilege of seizing this opportunity to express my inestimable indebtedness and profound sense of gratitude to my respected guide, Dr. Umar Farooq, Professor of Microbiology, Faculty of Applied Sciences and Biotechnology, Shoolini University of Biotechnology and Management Sciences, Bajhol, Solan, who patiently supervised this work with a great critical insight and intellectual acumen. Under his scholarly guidance, things always looked within reach. Infact without his consistent critical suggestions, cheerful encouragement and sincere guidance, this thesis would have remained futile.

I am extremely grateful to Prof. P. K. Khosla, Vice-Chancellor, Shoolini University, Solan (H.P.) for providing all the privileges during my research work. I also gratefully acknowledge to Dr. Anuradha Sourirajan, Head and Professor, Faculty of Applied Sciences and Biotechnology for her constant support during this work.

I would like to extend my thanks to Prof. M.P.Vohra, Former Co-ordinator and Dean Life Sciences, Shoolini Institute of Life Sciences and Business Management, Solan.

I also grateful acknowledge to my research guiding committee members Dr. Adesh Saini, Dr. Varun Jaiswal and Dr. Afroze Alam for their constant help during this work.

I am greatly indebted to Dr. R.C Sehgal (Professor and Head, Dept. of Medical Parasitology, PGIMER Chandigarh), Dr. P.K. Tripathi, (Lecturer of Parasitology), Dr. Kapil Goyal, (Assistant Professor, Parasitolgy), and Mr.
Acknowledgement

Naveen Chauhan, (Dept. of Medical Parasitology, PGIMER Chandigarh) for all their constructive support which helped me immensely.

Thanks seems a small word to express my feeling to my friends Mohsin Khan, Manpreeti Kharay, Avneet Kaur, Shiwani Walia and Shiwani Kaushal for their moral support and making this project a wonderful experience.

I wish to express a deep sense of appreciation to my lab fellows, Mrs. Sushila Negi, Shakti, Ragib, Arush, Nazam, Tanuja, Navroop, Nidhi, Mohini, Gurjeet, Manju and Neha for their consistent help and encouragement during my research work.

I am extremely grateful to Mr. Anil for his cooperation in Lab during my work.

“Words cannot represent my feelings and the language seems inadequate to express our gratitude and respect to my father Mr. K.S. Chauhan and my mother Mrs. Shakunt Chauhan. I am particularly touched by the sacrifices made by them, who smilingly braved innumerable difficulties during my busy curriculum of study.”

I express my heartiest devotion and deep sense of gratitude to my brother Mr. Siddharth Chauhan, my sister Dr. Anuradha Sharma and my uncle Dr. P. S. Chauhan for their encouragement, moral support, love and blessings bestowed on me without whom the present investigation would not have been possible.

Last but not least, I gratefully acknowledge to all whose supervision, guidance, support, and creative criticism have been instrumental in shaping this work and bringing it to its finale.

Varun Chauhan
