Acknowledgement

I wish to extend my warmest thanks to all people who have helped assisted and inspired me during my doctoral study.

The work represented in the thesis would have never been accomplished without the invaluable guidance, continuous encouragement, keen interest and precious attention of my research supervisor Dr. A.K. Sinha, to whom I wish to acknowledge my indebtedness and sincere thanks. His passion for research, eternal enthusiasm and facilitation of both my professional as well as personal junctures will always remain a source of inspiration in the future as well.

I express my sincere thanks to Dr. P.S. Ahuja, Director, Institute of Himalayan Bioresource Technology (IHBT), Palampur, for his dedicated efforts to provide us the first grade facilities for modern research under one roof of this institute. His support always gives me the new strength to face the problems of research and life.

I am immensely grateful to the scientific staff of NPP Division, Dr. Bikram Singh (Head), Dr. V.K. Kaul, Er. G.D. Kiran Babu, Dr. Partha Ghosh and Dr. Neeraj Kumar for their help and moral support. A great deal of appreciation is due to the technical and non-technical staff of NPP, Mr. Shiv Kumar, Ms. Arti Katyar, Mrs. Vijaylata Pathania, Mr. R.K. Tandon, Dr. A.P. Gupta and Mr. S.C. Verma, for their help in analysis of compounds.

I also extend my heartfelt appreciation to Prof. Subodh Kumar (Head, Dept. of Chemistry, GNDU, Amritsar) for his constructive suggestions and support throughout this research work.

I am much obliged to Dr. Arvind Gulati, Dr. R.C. Kasana, Dr. Girish Nadda & Dr. H.P. Singh (HATS Division, IHBT), Dr. Madhu Sharma & Dr. Shashi Bhushan (Biotech Division, IHBT), Dr. Dinkar Sahal (ICGEB, New Delhi) and Prof. Kamaljit Singh (GNDU, Amritsar) for their constructive suggestions and support throughout our fruitful collaborative research work.

On the completion of this research work, which certainly cannot be stated as a single man’s task, I owe my heartiest gratitude to present and past colleagues in Lab, Rakesh, Rajesh, Naina, Amit, Saima, Yogesh, Nitin, Richa, Nidhi, Dr. Anuj Sharma, Dr. Vinod Kumar, Dr. Abhishek, Shashikant, Meenakshi, Devi, and Kalpana for their constant help, pleasing attitudes and refreshing presence which created a healthy working atmosphere in the lab and making it a “second home” to me.

I owe a special thanks and appreciation to my closest friend Dr. Upendra who helped me every possible way. He has given me a wealth of encouragement, unconditional support and extremely valuable critics during the course of this dissertation. There are no words to describe how much you meant to me. I could not have made it without you in my corner being my biggest supporter! You’re my rock!

I would also acknowledge Richa from Dr. Kasana’s lab, Swati Sood from Dr. Gulati’s lab and Rahul Mohan Singh from Dr. V. Hallan’s Lab for their support in research work, I thank all the IHBT staff especially Dr. Aparna Maitra Pati (Incharge, PPME), Mr. Mukhtiar Singh (Library) and Sh. Deepalji (NPP Division) for their direct or indirect help during this dissertation.

I am proud to have friends like Pooja Sharma, Dr. Ashutosh & Priyanka, Dr. Nikhil, Vikrant & Meenakshi, Karan & Priyanka, Arun & Nimisha with whom I shared not only the happiest times but also the difficult moments of my life. I am thankful to Ashwani (GNDU) for his cooperation and help during my visits to Amritsar.

I acknowledge CSIR for providing financial support as JRF and SRF during this study.

Finally, I would like to express my deep gratitude towards my wonderful and loving family. I owe special thanks to my parents for their endless love, support, generosity and for always being there for me. I can never forget the contributions of my sister Nitya, brother Amar and their families for their compassion and loving support. This acknowledgment will never be completed without my sweet and cute niece Samridhi whose fun-filled activities and beautiful smile always refreshes me.

(Nandini Sharma)
