

## List of Tables

Table No.	Name of Tables	Page No.
4.1	Table show the F value of students in relation to Achievement Motivation	63
4.2	Table showing the Mean and 'F' value of Achievement Motivation work interest of players in relation to Education.	64
4.3	Table showing the Mean and 'F' value of Achievement Motivation work interest of players in relation to Experience.	65
4.4	Table showing the Mean and 'F' value of Achievement Motivation work interest of students in relation to gender	66
4.5	Table showing the Mean and 'F' value of Achievement Motivation work interest of students in relation to education and experience	67
4.6	Table showing the Mean and 'F' value of Achievement Motivation work interest of students in relation to education and gender	69
4.7	Table showing the Mean and 'F' value of Achievement Motivation work interest of students in relation to experience and gender	71
4.8	Table showing the Mean and 'F' value of Achievement Motivation work interest of students in relation to gender, education and experience	73
4.9	Showing the results of ANOVA for dependent variable Personality	75

4.10	Table showing the Mean and ‘F’ value of Personality work interest of players in relation to Education	76
4.11	Table showing the Mean and ‘F’ value of Personality work interest of players in relation to Experience	77
4.12	Table showing the Mean and ‘F’ value of Personality work interest of students in relation to gender	78
4.13	Table showing the Mean and ‘F’ value of Personality work interest of students in relation to education and experience	79
4.14	Table showing the Mean and ‘F’ value of Personality work interest of students in relation to education and gender	81
4.15	Table showing the Mean and ‘F’ value of Personality work interest of students in relation to experience and gender	83
4.16	Table showing the Mean and ‘F’ value of Personality work interest of students in relation to gender, education and experience	85
4.17	Table show the F value of students in relation to Emotional Maturity	87
4.18	Table showing the Mean and ‘F’ value of Emotional Maturity work interest of players in relation to Education	88
4.19	Table showing the Mean and ‘F’ value of Emotional Maturity work interest of players in relation to Experience	89
4.20	Table showing the Mean and ‘F’ value of Emotional Maturity work interest of students in relation to gender	90
4.21	Table showing the Mean and ‘F’ value of Emotional Maturity work interest of students in relation to education and experience	91
4.22	Table showing the Mean and ‘F’ value of Emotional Maturity work interest of students in relation to education	93

	and gender	
4.23	Table showing the Mean and 'F' value of Emotional Maturity work interest of students in relation to experience and gender	95
4.24	Table showing the Mean and 'F' value of Emotional Maturity work interest of students in relation to gender, education and experience	97
