ACKNOWLEDGEMENTS

I would like to express my deepest sincere appreciation and gratitude to professor Dr. A. Ramakrishna Rao for his guidance and encouragement throughout this research work. Without his support this thesis would not have been completed. I had the greatest opportunity to work under his supervision, which triggered my intellectual learning and perseverance that made it possible to give the final shape of the work.

Simple words would not be enough to place on record the knowledgeable guidance, sustained encouragement, constructive comments and inspiring discussions with him during the course of this work. The author wishes to record that he considers himself to be fortunate to have worked under him.

I wish to record my deep sense of gratitude to Dr. Jeppiar, Chancellor, Sathyabama University and beloved Directors Mr. Marie Johnson and Mrs. Mariazeena Johnson, Sathyabama University for permitting me to carry out the work at S.V.U. College of Engineering, Tirupati.

I am thankful to Prof. M.M. Naidu, Dean, S.V.U. College of Engineering, Tirupati for offering conveniences to complete my work.

I am thankful to Prof. M. Muralidharan, Principal, S.V.U. College of Engineering, Tirupati for providing facilities to complete my work.

I am thankful to Prof. G. Padmanabhan, Head, Department of Mechanical Engineering, S.V.U. College of Engineering, Tirupati, for administrative support.

I am thankful to Prof. G. Krishnaih, Chairman, Board of P.G Studies, Department of mechanical engineering, Tirupati for his valuable suggestions.

I am thankful to Dr. Karthikeyan, H.O.D, Automobile Engineering, Sathyabama University and Mr. A.V. Sarma, Mr. S. Lakshmishankar, and Mr. Vedhanarayana of, Sathyabama University for their help.

I am thankful to Dr. Vemuri Lakshminarayana, Chennai, Mr. Yogesh, U.S.A, and Mr. Hema Kumar for their timely response for this success.

I am thankful to my parents and who are a source of encouragement all through. They have provided me with the mental strength during critical phase of my work.
I am thankful to my father-in-law and mother-in-law for looking after my family during my absence of attention for this project.

I am thankful to my wife Mrs. Subhashini, my sons Master. Sankeerth and Master. Khushi Vardhan, but for whose constant encouragement, co-operation and sacrifices this work would not have been completed.

I thank one and all who helped me directly and indirectly in bringing out this research work successfully.
