ACKNOWLEDGEMENT
ACKNOWLEDGEMENT

I am at a loss for words to express my immense sense of gratitude to my guide Dr. K. Vanangamudi, Ph.D., Professor of Seed Science and Technology, Tamil Nadu Agricultural University, Coimbatore, for his inspiring guidance, constant encouragement and sustained help in all possible ways throughout the course of the study. It was a pleasant privilege to work under such a resourceful and magnanimous guide, with erudite scholarship, commitment and academic interest.

It is with a great sense of pleasure, that I express my sincere thanks to the Secretary of Kongunadu Arts and Science College, Dr. M. Aruchami and the Principal, Dr. K. Kumaraswamy for their sustained patronage and encouragement.

I owe my gratitude to Dr. C. Surendran, Ph.D., Director, Centre for Plant Breeding and Genetics, Tamil Nadu Agricultural University, Coimbatore; Prof. R. Annamalai, IFS, (Formerly Dean (Forestry)) Dean, Southern Forest Rangers College and Prof. S. Balaji, IFS, (Formerly Dean (Forestry)) Director, Tamil Nadu Pollution Control Board, Chennai for providing all necessary facilities for the smooth and successful conduct of the study.

I express my sincere thanks to Dr. V. Krishnasamy, Professor and Head, Department of Seed Science and Technology, Tamil Nadu Agricultural University, Coimbatore, for providing necessary help during this investigation.
I would like to thank Dr. K. Udaiyan, Professor & Head, Department of Botany, Bharathiar University, Coimbatore for his valuable suggestions, comments and help.

I would be failing in my duty, if I do not thank Dr. Mallika Vanangamudi, Assistant Professor of Crop Physiology and Dr. Hanora, J. Francis, Professor of Soil Science and Agricultural Chemistry, Tamil Nadu Agricultural University, Coimbatore, who have been kind enough to spare their valuable time, amidst their tight schedule to offer comments and suggestions which added new dimensions to the study.

I express my heartfelt thanks are to Dr. A. Bharathi, Assistant Professor, Seed Science and Technology, Anbil Dharmalingam Agricultural College and Research Institute, Trichy and Dr. G. Rajannan, Associate Professor of Microbiology, Tamil Nadu Agricultural University, Coimbatore, for their comments, suggestions and help during the hours of need.

I extend my gratitude to Mr. D. Rajasekaran, IFS, Indhira Gandhi National Forest Academy, Dehradun and Mrs. P. Geetharani, Assistant Professor of Seed Science and Technology, Horticultural College and Research Institute, Periyakulam, for their commendable help during the experimental study.

I express my sincere thanks to Dr. Mohammed Yassin, Assistant Professor of Agronomy, Forest College and Research Institute, Mettupalayam and Dr. SenthilKumar, Lecturer in Tamil, Kongunadu Arts and Science College, Coimbatore, for their assistance in photography; Dr. K. Kumaresan, Assistant
Professor of Soil Science and Agricultural Chemistry, Tamil Nadu Agricultural University, Coimbatore, for evincing keen interest in the study and all help at every stage of the study; Mr. S. Senthilnathan, Lecturer in English, Coimbatore Institute of Technology Sandwich Polytechnic, Coimbatore, for his assistance in the preparation of the report; Mr. G. Mani, Research Scholar (Seed Science and Technology) Tamil Nadu Agricultural University, Coimbatore, for offering academic help and Ms. S. Sasikala for word processing the report at a brisk pace.

I record my special thanks to my life partner Mr. R. Kulandaivelu, PG Teacher in Chemistry, Asokapuram Government Higher Secondary School, Coimbatore without whose evergreen encouragement, motivation, moral support and pleasant care, this work would have remained a dream. I am deeply indebted to my loving sons Masters. Sridhar and Naveen, my helpful nieces Ms. S. Sivaselvi and Ms. S. Sridevi and all other members of my family too.

Last, but not the least, I extend my heartfelt thanks to all my colleagues, friends, relatives and all those who directly or indirectly contributed to the successful completion of the study.

(A. Thiruvaruldevi)
