ACKNOWLEDGEMENT

At the outset, I would like to place on record my deep sense of gratitude and indebtedness to Dr. B. P. Shinde, Associate Professor, Botany, Department of Botany, Fergusson College, Pune, for guiding me with his inspiring suggestions, creative criticism, untiring advice and lofty inspiration throughout the period of the present research and preparation of this thesis. Dr. Shinde has been my inspiration as I could overcome all the obstacles in the completion this research work. He also helped me to organize the data in a scientific and logical manner. He encouraged me to attend seminars, conferences, workshops, through which I gained knowledge as well as confidence in this field. He always extended his wholehearted cooperation to inculcate in me to adopt new techniques.

I am also thankful to V. K. Wagh and Dr. S. M. Chitale (Former Principals) and Principal Dr. R.G. Pardeshi for admitting me in this esteemed institution and providing me all necessary laboratory facilities required to complete my research within time.

I would also like to express my deep sense of gratitude to Mrs. S. S. Kate, Head, Department of Botany, Fergusson College Pune for providing laboratory facilities during working days as well as vacation period.

I am grateful to Mr. Sharadbhau Nagadekar, Chairman, Mr. Dattubhau Gaikawad, Secretary and rest of the members of Shri Gurudeo Shikshan Prasarak Mandal Yeola Dist. Nashik and Dr. S. Y. Shah, Principal, Swami Muktanand College of Science, Yeola for giving me moral support, encouragement and great cooperation to complete the present research work within the stipulated peroid.

My sincere thanks are due to Dr. (Mrs.) L. N. Nair, Dr. R. V. Gandhe and Dr. (Mrs.) K. R. Gandhe for their valuable suggestions during the course of my research work.

With all modesty, I acknowledge the invaluable help extended by Prof. S. S. Deokule, Head of the Department of Botany, University of Pune and retired Professors especially Prof. K. N. Dhumal and Dr. D. R. Shirke, University of Pune.

I am equally thankful to Dr. R. S. Zunjarrao, Principal, Modern College of Arts, Science and Commerce, Shivajinagar Pune, for instilling confidence in me during the research work. I would like to thank Dr. H. S. Patil, Ex Chairman Board of Studies in Botany, University of Pune, for giving valuable help and guidance. Thanks are also due to Principal Dr. B. N. Zaware, Chairman Board of Studies in Botany,
University of Pune. I am grateful to Principal Dr. K. C. Mohite Dean, Faculty of Science, University of Pune for encouraging and supporting me to complete research work.

I owe my thanks to all my teachers in the Department of Botany helped me directly or indirectly.

I am grateful to my friend Dr. Dnyaneshwar Waghchoure, Ashwamedh Agro Chemicals Private Limited Kopargaon, (A. nagar) who helped me to study interaction of AM fungi and Verticillium dahliae. I am also thankful to authorities of Zuari industries for providing facilities for soil analysis.

I thank library authorities of Fergusson College, Pune; Swami Muktanand College of Science, Yeola; Jaykar library, University of Pune; Agharker Research Institute, Pune.

I am also thankful to all farmers; Janrao, Kuldhar, Pawar, Bhangade, Gaikawad, Bhagwat, Agawan, Jachak of Yeola taluka who permitted me to use their fields for Bt cotton cultivation and collection of soil samples.

I am grateful to Microbial Type Culture Collection and Gene Bank Institute of Microbial Technology, Chandigarh for providing culture of Verticillium dahliae.

I would like to thank my parents, relatives and elder brother Dr. Madhukar Patale, Head Department of Botany, S. P. College, Pune, for their continuous support, encouragement and motivation during the period of my research work.

My thanks are also due to my research colleagues Mr. Kishor Bhosale, Mr. Sanjay Shinde, Mr. Ajit Kokare, Mr. Prakash Kadlag, Mrs. Ketaki Vaidya and Miss. Manjusha Khanna, who helped me during my research work

I am also thankful to the non-teaching staff of Department of Botany, Fergusson College Pune and Swami Muktanand College of Science Yeola, for providing me necessary help during the tenure of my research.

I am glad to thank all my colleagues from S. M. college of Science, Yeola for their valuable moral support.

I genuinely wish to thank my wife Ms. Asha, daughter Piyusha and son Anurag who gave me sufficient time for completing the present thesis.

I dedicate this research to my parents.

(Mr. S. W. Patale)
