Acknowledgement

First of all, I humbly and whole heartedly bow my head before the Almighty for blessing me to successfully complete my research work. A doctoral thesis is a devoted and conscientious effort towards academic excellence, which can be achieved only under expert guidance.

I wish to record my sincere appreciation and gratitude to Dr. Tribhuvan Singh, Head, Department of Botany, University of Rajasthan, Jaipur and Dr. K. C. Bansal, Director, N.B.P.G.R., New Delhi to provide all the facilities for carrying out my research work.

It gives me immense pleasure to express my deepest sense of gratitude to my esteemed Supervisor, Dr. Kailash Agrawal, Professor, Department of Botany, University of Rajasthan, Jaipur. It is due to his sustained encouragement, constructive suggestions and support that I could complete my Ph.D. work in time. He has always provided invaluable guidance and encouragement during my Ph.D. research work.

It is a great occasion for me to express my sentiments, regards and gratitude towards my Co-supervisor Dr. K.V. Bhat, Principal Scientist, NRC on DNA Fingerprinting, NBPRGR, New Delhi whose meticulous guidance and constant encouragement led me to complete this work. I am indebted to him for the expert ideas and critical reviewing of the manuscript.

I also express my sincere thanks to Dr. P. C. Agarwal, Head, Division of Quarantine, NBPRGR, New Delhi, Dr. Usha Dev, Principal Scientist, Division of Quarantine, NBPRGR, and Dr. Jameel Akhtar, Division of Quarantine, NBPRGR, New Delhi for their valuable help. I am also thankful to Dr. Obaid Farooqui, Pigeonpea Breeder, IARI, New Delhi for providing the seed material used in the present study. I also express my sincere thanks
to Prof. M.K. Naik, University of Agricultural Sciences, Raichur, Karnataka for his help in performing the experiments related to my research work.

I express my hearty thanks to my friends, Meenakshi mam, Niti, Jyoti, Suraj, Praveen, Nirupama, Jagat, Jyoti, Kole, Nupur, Nidhi, Deepali, Reshma, Gayacharan, Rajappa, Logapriyan and Pavan for all help during the research work. I am also thankful to Rameshji and Harsh for their assistance during the course of my investigation. Also I would like to thank Dr. Rajni Jain, Miss Soniya Shrivastava, Mr. Ashwani Kumar Verma, Mr. K. Meena, Miss Surabhi Chaturvedi, Miss Sanchita Kulshrestra and Miss Rekha Jangir who have helped me a lot during my research at Jaipur. Heartfelt thanks to Dr. Manisha, Adarshana, Sanjay, Tanvi, and Supriya for being my good company, kind help and co-operation during the study.

I am indebted to my family members for the love and encouragement which made everything possible. My parents, my in-laws and all my family members have been a constant support of inspiration and motivation in all phases of my study. I would like to express my deep sense of admiration to my beloved husband Saurabh Suman and my younger brother Basant for their love, affection, moral support, encouragement and help in every possible way to complete my thesis work.

My sincere thanks to all staff members of Department of Botany, University of Rajasthan, Jaipur for their kind support and affection. Many other people and friends provided valuable advice and input, though certainly I will fail to name them all and I can only say “THANK YOU VERY MUCH!” to all.
