ACKNOWLEDGEMENTS

My sincere thanks are due to my Guide and Supervisor Dr. D. AMARCHAND, Professor and Head, Department of Commerce, University of Madras. His profound questions at every discussion, set the direction and pace of the research. His perseverance was evident especially during the trying time of getting the organizations’ acceptance for conducting the study. But for his deep understanding of the area of Organizational Culture this study would not have been what it is.

My sincere thanks are also due to Dr. M. RANGANATHAM, Reader, Department of Commerce.
