ACKNOWLEDGEMENT

It is my great pleasure in submitting the research thesis on the topic “A Critical Study of Career Opportunities for Business Management Students with Special Reference to Pune Metropolitan Area”.

I am thankful to my guide Dr. Sudhir Rashingkar for his valuable guidance and kind help during completion of my research and thesis. It would have been difficult without his help and guidance. His positive approach has enabled me to overcome all the difficulties during the research years.

Research is a long-drawn activity wherein the patience of the researcher and his family members is tested and challenged. I acknowledge with thanks the encouragement given by my husband Mr. Pradip, son Swanand and daughter in law Amruta.

I would like to take this opportunity to thank all my teachers, friends and well-wishers who have always given me the energy to work hard in life.

Jayashree Pradip Jawlekar
