I avail this opportunity to express my profound indebtedness and esteemed sense of heartfelt gratitude to my beloved guide Prof. B. B. Kaliwal Chairman, Department of Microbiology and Biotechnology Karnataka University, Dharwad for his plantonic relationship, keen planning, constant counseling, thorough evaluation and unstinted encouragement at every step of my study which moulded my thesis into right form.

I am extremely thankful to Dr. V. Shyamkumar and Dr. C. T. Shivasharana for their great co-operation and help rendered during my study period.

I am grateful to Dr. R. D. Sanakal and Dr. A. G. Kulkarni for their constant encouragement and suggestions given during my research work. I would like to extend my sincere heartfelt thanks and gratitude to Prof. B. B. Kaliwal family for their blessings, wishes, encouragement and support.

I express my sincere thanks to Dr. Girishbabu, Head of Biogenics Hubli Mr. Gulam Nabi Vanti Senior Research Fellow Hebbali Farm UAS Dharwad and Mr. Dayanand Sajjan Biochemistry Department KUD, for their helping hand in completion of molecular work and I feel lack of words to express their keen participation in handling the PCR, RT-PCR and electrophoresis.

I express my sincere thanks to Dr. V. L. Kallapur, Dr. H. S. Patil, Dr. C. K. Rudramuniyappa, Dr. C. G. Unakal, Dr. T. Y. Mudaraddi, Dr. G. P. Siddapur, Mr. Rajeev Poddar, Dr. Rashmi Hosamani, Dr. S. I. Manawadi, Dr. Veena Ammanna, for their valuable advices and support.

I am greatly indebted to Mr. Basavaraj Patagundi, Mr. Vinayak Hegde, Dr. Rashmi Vinayak and all my research colleagues for their encouragement and support with worthy suggestions during the period of my research work. I am very much thankful to Smt. Shashikala Aladmarad and Ms. Girija Aladmarad for their motivation and blessings for this work.

I have great pleasure in expressing my deep sense of respect and sincere thanks to all the farmers whose animals I have used for my research work, Dr. Sajjanar, Department of Animal Husbandry UAS Dharwad Dr. R. V. Patil, Government Veterinary doctor, Dr. Mukundappanavar Veterinary doctor KMF, for their help and co-operation during the collection of sample.
I would like to extend my sincere thanks to my roommates Mr. Pramod Bhasme, Mr. Gangadhar Gouripur, Mr. Irfan Shaik Mr. Jayaraj Chinchali and Mr. Mallikarjun Gadwala for their wishes, encouragement and support.

I would like to acknowledge the other benevolent face Dr. Sali Jayaraj for his untiring support and motivation for this work. I feel short of space to express sincere gratitude to all my friends for their valuable moral support, constant inspiration and ever helping nature.

I profusely thank to the Department of Biotechnology (DBT), Ministry of Science and Technology, Government of India, New Delhi, for funding the Bioinformatics Infrastructure Facility Project (BT/BI/25/001/2006 VOL II dt 05-03-2012) and Interdisciplinary Program for Life Science Project (BT/PR/4555/INF/22/126/2010 dated 30-09-2010) for employing me as a Ph. D fellow which has provided me financial support and also affording the facilities for pursuing the research work at the Department.

I owe all my success to my beloved parents Mr. Mallikarjun B. Kurjogi and Devamma M. Kurjogi, grandmother, father-in-law Mallanagouda H. Patil my brothers Shivakumar, Vedant, Atharva, Vittal Teggi and Sanghmesh Lotageri, nephew Naganagouda, Alok and Chandrashekar Nalathwad, sisters Girija, Savitha, Akkamahadevi, Chinnu and Harshita my in-laws Annapurna and Kamalakshi whose affection, unfailing patience, sacrifices and moral support has led to completion of my course. I am always grateful to them.

It’s my privilege to thank all the teaching and non-teaching staff of Post-Graduate Department of Studies in Biotechnology and Microbiology, Karnataka University, Dharwad for their help and co-operation throughout my research work.

I conclude by expressing my sincere thanks to all those who have helped me directly or indirectly in the completion of this work.

Place: Dharwad

(Mr. Mahantesh M. Kurjogi)
