ACKNOWLEDGEMENT

This thesis would not have gained the present status without the invaluable inspiration and timely guidance received from my supervisor and guide Dr. G. Suresh Singh, Lecturer, Department of Mathematics, University of Kerala, Kariavattom. Words are few to express my deep sense of gratitude for giving a helping hand to me to enter the world of academic research.

I would like to express my pleasure and immense gratitude to Dr. A. R. Rajan, Professor and Head, Department of Mathematics, University of Kerala, Kariavattom. I express my sincere thanks to the other faculty members of the department. Thanks are also due to non-teaching staff especially the librarian, Department of Mathematics.

I am in every way indebted to the librarians of the University Library and Research Centre, Palayam; Ramanujan Institute of Mathematics, University of Madras, Chennai; Institute of Mathematical Sciences, Taramoni, Chennai; I. I. T. Madras, Chennai; Anna University Chennai; I. I.Sc, Bangalore; V. I. and T. Museum, Bangalore; T. I. F. R., Bangalore; University of Mysore, Mysore; T. I. F. R., Mumbai; Bombay University, Mumbai; St. Stephen’s College, Uzhvaoor; H. O. D. Department of Mathematics, CUSAT, Cochin; and H. O. D, Department of Mathematics, University College, Thiruvananthapuram for extending the facilities for reference work.

I express my indebtedness to the University Grants Commission for providing Teacher Fellowship (under Faculty Improvement Programme), Government of Kerala for granting deputation and the University of Kerala for giving admission and necessary infrastructural facilities.

I thank the Manager, St. Stephen’s College, Uzhvaoor for granting permission to take up the research work.

With great pleasure I thank, Prof. V. P. Thomaskutty, Dr. Stephen A (former Principals, St. Stephen’s College, Uzhvaoor); Prof. Babu Thomas (Principal, St. Stephen’s College, Uzhvaoor) and Prof. K. M. Josep (former Head of the Department of
Mathematics) for their encouragement. The support received from my colleagues in the Department of Mathematics and Statistics and other staff members of the college is thankfully acknowledged.

I would also like to express my sincere thanks for the help offered to me by Mr. Benno Joseph, Dr. R. V. Sanalkumar Thampuran, Dr. C. V. Thomas, Dr. Madhukar Mallayya, A. Asharaf and Sr. Anitta S. V. M.

I give my special thanks to Mr. Manoj. K. Yesodh for typing this thesis correctly and neatly.

I thank my family for their whole hearted and prayerful support during the course of this study.

Above all, with utmost reverence and gratitude I submit myself and my work before the 'Almighty God' who enabled me to transform every challenge to success till this day of seeing my thesis in print.

December 2006
