NOTATIONS

In this thesis chapters are numbered with Roman numerals and sections are numbered as 1.1, 1.2, 1.3 etc. Square brackets [ ] are used for references with numbers [1] – [84] given continuously. At the top right hand corner of every page the chapter name is given. Quotations of upto five line length are presented using quotation marks. Quotations with more than five lines are given in single-space with additional half inch indentation on each side and without quotation marks. The terms belonging to languages other than English are given in italics. The mathematical works in other languages are given in Arial italics. Running numbers are given to examples and figures independently in chapterwise.
