### 1.1 Introduction

### 1.2 Historical development of the study of atmospheric ozone

### 1.3 Units used in the measurement of ozone

### 1.4 Photochemistry of atmospheric ozone

### 1.5 Seasonal and latitudinal variation of ozone

### 1.6 Ozone and general circulation

### List of figures

### List of tables

### References

### 2.1 Introduction

### 2.2 Measurement of total ozone

### 2.3 Measurement of surface ozone

### 2.4 Measurement of the vertical distribution of ozone

### 2.5 Summary

### References

...... contd
Chapter 3

The Indian electrochemical ozonesonde 108-160

3.1 Introduction ... 108
3.2 History of ozone measurements in India 109
3.3 Ozone sensor ... 111
3.4 The Indian ozonesonde – Mark I 113
3.5 The Indian ozonesonde – Mark II 135
3.6 The intercomparison of ozonesondes in West Germany

List of figures ... 156
List of tables ... 158
References ... 159

Chapter 4

Vertical distribution of ozone over India ... 161-225

4.1 Introduction ... 161
4.2 General features of soundings 165
4.3 Effect of weather systems on the vertical distribution of ozone 173
4.4 Correlation between ozone and temperature profiles in the stratosphere 188
4.5 Latitudinal variation of the vertical distribution of ozone over India 191
4.6 Climatological studies of the vertical distribution of ozone over India 199
4.7 A comparison with Umkehr profiles 210
