ACKNOWLEDGEMENTS

Before I take this humble privilege to thank all those who in one way or the other helped me in bringing out this research work, I would like to offer my sincere prayers to divine almighty for his quite but solemn benediction. It is sheer His grace that this venture has been completed.

Words are insufficient to express my deep sense of indebtedness, highest veneration to my revered Mentor, Dr. Preeti Mahajan, Professor of Library and Information Science, Panjab University, Chandigarh for her esteemed guidance, prudent suggestions, keen interest and incessant encouragement. She always kept an eye on the progress of my work and was available whenever I needed her guidance. It is only because of her whole hearted involvement, contribution of her precious time, ideas, unmatched guidance and goading throughout the study period that I have been able to materialize my dream project into reality and presenting the thesis in this shape.

It is my pleasure to express my sincere thanks to all the Librarians of the Newspaper Libraries in Chandigarh, Delhi and Panjab who granted me audience very patiently and replied to my questionnaires which enlightened my research work. The contribution of the Team Members of such libraries cannot be overlooked and I shall remain obliged to them.

It is a matter of immense pleasure to acknowledge my friends, Vishawjeet Sharma, Mr. Parveen Khurana, Dr. Amarnath, and Gautam Bahl with whom I spent a memorable part of my life, the memories we share are simply a treasure for me. Their optimistic approach towards life has always inspired strength in me to face every difficulty as a new challenge and every stone as a stepping stone. I wish our friendship remains forever.

My acknowledgement will not be complete without the reference of my official seniors and staff in the LIS department, Mr. S.P. Nagpal, Mr. B.L. Sharma and Ms. Veena Gautam for their love and for all the magnificent ways by which they stood by me and delighted my whole path of Ph.D. work with their valuable and enthusiastic support and meaningful discussions.

When emotions are involved, the words cease to mean. There are no words to express my regards to my family who sacrificed a lot for my welfare and brought me up to this esteemed stage and taught me the value of time and hard work. It is their exquisite benedictions, unflinching support, good wishes, prayers, love and affection that inspired me to achieve success in this academic world.
My special thanks are due to my parents-in-law who also contributed their share to encourage me and helping me to give this work its final shape.

Every successful man has his wife in his support. I have no words to express my appreciation and gratitude to my wife for her unending support and standing by me in times of sun and shade. I acknowledge that without her constructive support it was not possible for me to achieve this target.

I wish to offer my thanks to all those, names of whom could not be included here but will always be remembered whole heartedly.

Dated 16/11/2011

Parveen Kumar
