ACKNOWLEDGEMENTS

It gives an immense pleasure to express my grateful thanks to my research supervisor Dr. Y.C. Ratnakaram, Associate Professor and Head, Department of Physics, S.V.U.P.G.Centre, Kavali for his inspiring guidance, constant encouragement and help throughout the course of my research work.

I am especially grateful to Prof. N. Prabhakara Rao (Presently Rector, S.V. University, Tirupati) and Prof. K. Ravindra Prasad former Heads, Department of Physics, S.V.U.P.G. Centre, Kavali for their constant encouragement and for providing necessary facilities during the period of my research work. My heartfelt thanks are also due to Prof. J. Lakshmana Rao, Principal, S.V. University Science and Arts College, Tirupati and Prof. J. Ramakrishna, IISc, Bangalore for their valuable suggestions and pieces of advice given during the period of my completion of research work. I find this the right opportunity to pay regards to Late Prof. S.V.J. Lakshman whose blessings have been an inspiration for me throughout the course of my work.

I express my gratefulness to Prof. Y.V.G.S. Murthy, IIT, Madras, Prof. S.P. Venkatesh, Head, RSIC, IIT, Madras, Dean, School of Chemistry, University of Hyderabad and Dr. K.V. Reddy, Head, Central Instrumentation Laboratory, University of Hyderabad for their help in recording the spectra of the samples. I am also thankful to Dr. R.P.S. Chakradhar, Research scientist, Department of Physics, IISc, Bangalore for his constant help. My heartfelt thanks are also due to Dr. N.O. Gopal, Post Doctoral Fellow, Thiwan and Mr. S. Prasanth, School of Chemistry, University of Hyderabad for their help and assistance in recording the spectra of the glass samples. My thanks are also due to Prof. S. Buddhudu, Head and Prof. V.V.R. Narasimha Rao, Chairman, Board of Studies, Department of Physics, S.V.University, Tirupati for their help.
I express my sincere thanks to Dr. B. Naga Raja, Assistant Professor of Economics, S.V.U.P.G. Centre, Kavali and Dr. D.V.R. Sai Gopal, Head, Department of Virology, S.V. University, Tirupati for their help and encouragement. I express my profound thanks to Prof. V. Padmanabha Sarma, Professor of Physics, Dr. P. Sreedhar Reddy, Associate Professor of Physics, Dr. P.R. Sivasankar, Head and Associate Professor of Commerce and Dr. A. Viswanadha Reddy, Lecturer for their support.

My warm regards to my colleague Mr. A. Vijaya Kumar who was very helpful throughout my research work. I am greatly indebted to Sri. P. Subramanyam Naidu and my colleagues Mr. M.V. Ramana Rao, Ms. M. Geetha Lashmi, Mr. N.V. Sreehari, Mr. C. Venkateswarlu, Ms. K. Sireesha, and Sri. Hemanth Kumar for their help and pleasant company during the course of my work. My family members deserve a special mention for their moral and financial support and inspiration.

I profusely thank all the non-teaching staff of Department of Physics S.V.U.P.G. Centre, Kavali for their moral co-operation. I also thank the authorities of S.V.U.P.G. Centre, Kavali for providing me with all facilities for the successful completion of my Ph.D. degree. I would like to thank my friends Mr. M. Jayasimhadri, Mr. S. Surendra Babu, Mr. T. Thirupathi Naidu, Ms. T. Deepha, Mr. K. Eakambararam, Mr. K. Sankar Reddy, Mr. K. Maheswara Rao, Ms. R. Lavanya, Mr. A. Venkaiah and Mr. M.V. Narasimha Rao. My special thanks are due to Mr. V. Subba Reddy and Mr. V. Ajay Kumar, Anu graphics, Kavali for their secretarial assistance.

I am very much thankful to University Grants Commission, New Delhi for providing me the financial assistance in the form of fellowship (project fellow) from the UGC Major Research Project sanctioned to my research supervisor. Finally, I wish to thank one and all who have helped me in one way or other.
