ACKNOWLEDGEMENTS

I deem it an immense pleasure to express my profound respect, deep sense of gratitude to my illustrious, dedicated and beloved Research Supervisor Dr. N.V.S Naidu, Associate Professor, Department of Chemistry, S.V.University, Tirupati and Member, American Chemical Society for his inspiring, illuminating and valuable guidance, constant encouragement, valuable suggestions, ever eager helpful nature during the completion of my research work.

I count it a distinct pleasure to express my indebtedness and deep felt devotion to Prof. K. Saraswathi, Professor of Chemistry (Retd.), Department of Chemistry, S.V.University, Tirupati and presently Head of the Department, P.B. Siddhartha P.G. College of Arts & Science, Vijayawada, for her planning and benevolent guidance unending constant encouragement and exuberant style of inspiration in the prosecution of this interesting study. Diction is not enough to express my profound sense of gratitude and I wish to place on record my sincere and heartful regards constructive criticism and able guidance.

I wish to express my sincere thanks to Prof. P. R. Naidu, (Ex. Vice-Chancellor, S.K.University, Anantapur), Former Professor of Chemistry, Sri Venkateswara University, Tirupati for his valuable suggestions and timely help at various stages of this work.

I tender grateful thanks to Prof. S. Jayarama Reddy, Vice-Chancellor and also former Head of the Department, Dean, Principal of S.V.U. College of Arts and Sciences, Prof. D. Gunasekar, Head, Department of Chemistry and Prof. M.V. Prabhakar Rao, Professor of Chemistry and Chairman, Board of Studies in Chemistry, S.V.University, Tirupati for providing the necessary facilities to carry out the research work.
It is my pleasant duty to thank my research colleagues messrs V. Harikrishna, B. Prasad, A. Hemasundaram, N. Krishnaiah and Smt. K. Dhanalakshmi for their help at various stages of this work.

It is my duty to express my sincere gratitude to my parents Sri G. Gopalaiah and Smt. G. Sampoornamma without whom, I could not have reached this stage. I also extend my thanks to my uncles B. Venkataiah and G. Govadhan, my sisters B. Rathnamma and P. Supraja, my brother G. Mahendra, my brother-in-law B. Rajendra for their support and constant encouragement.

It is my pleasant duty to thank my friends C. Sudha, Suresh, Nagarjun, Bhaskar, Adinarayana, Kiran, D.P. Srenivas, G.R. Kumar, Yella Reddy and K. Pratap for their help at various stages of this work.

Last but not the least, I offer my obeisance to the almighty for having bestowed grace on me to complete my studies successfully higher to and present this piece of work which I am eternally indebted.

Finally, I am very thankful to Karthik, Murali and Nagendra for the neatly and timely execution of this thesis.

Above all, I am indebted to the Lord Almighty for whose benevolent blessings this endeavour would not have been completed.

(SURESH. G)
