ACKNOWLEDGEMENTS

I would like to express my sincere and heartfelt gratitude to my teacher and Research Supervisor Prof. C. K. Jayasankar, Department of Physics, Sri Venkateswara University, Tirupati for his commitment, perfection and persistent enthusiasm towards research. I am very much indebted to his individual gigantic responsible affection, constant inspiration, fruitful suggestions, moral support and cooperating nature. His emerging encouragements and hopeful guidelines are responsible for the completion of this thesis in its present form.

I also express my sincere gratitude to Prof. L. Rama Moorthy, Department of Physics, Sri Venkateswara University, Tirupati, for his timely help and suggestions during the course of present study.

I am extremely grateful to my beloved teachers Prof. P. Narasimha Reddy, Head, Department of Physics, Prof. B. C. Venkata Reddy, Principal, S. V. U. College of Mathematical and Physical Sciences, Prof. N. Prabhakara Rao, Chairman, Board of Studies, Department of Physics, Sri Venkateswara University, Tirupati, Prof. V. V. R. Narasimha Rao, Prof. V. Sundararaja and Prof. S. Buddhudu, former Heads, Department of Physics, Prof. B. Krishnamma, former Dean, School of Mathematical and Physical Sciences, Prof. J. Lakshmana Rao and Prof. S. Jayarama Reddy, former Principals, S. V. U. College of Arts and Sciences, Tirupati, for their priceless cooperation and providing the necessary facilities to carry out the research work.

I am very much thankful to Dr. P. Babu, Associate Professor, Department of Physics, Government Degree College, Wanaparthy, for his friendly, experienced and timely cooperation through out the entire course of work. I express my special thanks to Sri A. S. Joshi, Head, High Power Laser Optics Laboratory, Raja Ramanna Centre for Advanced Technologies, Indore for his fruitful suggestions and guidelines.

I express my sincere gratitude to Prof. Dr. G. Wortmann and his group, University of Paderborn, Germany, Prof. M. Bettinelli and his group, University of Verona, Italy, Prof. H. J. Seo and his group, Pukyong National University, Pusan, Korea for their timely cooperation regarding the experimental measurements and useful discussions in analysing the results. The experimental related help extended by
Smt. Bhavani Kumar, Sophisticated Analytical Instrumentation Facility, Indian Institute of Technology, Chennai is also to be acknowledged.

I am highly indebted to Government of India for providing the financial support as a Junior Research Fellow in a major research project sponsored to my research supervisor by the Department of Atomic Energy, Board of Research in Nuclear Sciences, Mumbai. I express my sincere thanks to the authorities of Sri Venkateswara University, Tirupati for their kind and necessary support whenever I required.

It gives me an immense pleasure to thank my senior and co-research scholars Dr. V. Venkatramu, Dr. S. Surendra Babu, Dr. M. Jayasimhadri, Mr. S. A. Saleem, Mr. K. Upendra Kumar, Ms. R. Praveena, Mr. S. Samba Sivam, Ms. R. Vijaya, Mrs. L. Jyothi, Ms. Ch. Basava Poornima, Ms. D. Umanaheswari, Mr. J. Suresh Kumar and Ms. T. Suhasini for their kind support and readiness to help whenever I was in need. I am also thankful to my senior colleagues Dr. N. O. Gopal, Dr. P. Giri Prakash, Dr. Ch. Linga Raju, Dr. V. Madhu Mohan and Dr. K. Jagadeeswara Reddy and classmates and friends Mr. I. Omkaram, Mr. P. Prathap, Mr. S. Kaleemulla, Mr. S. V. Jagadeesh Chandra, Mrs. M. Devika, Ms. V. Kalaivani, Mr. A. Ashok Kumar, Mr. P. Suman Kumar, Mr. K. Somasekhar Reddy and Mr. N. Ravi Chandra Raju for their help and cooperation under various aspects.

I take this opportunity to express my sincere gratitude to my beloved parents Smt. R. Chengamma and late Sri R. Nagaiah; grand mother late Mrs. I. Munemma; brothers Sri R. Kannaiah and Sri R. Munawasamy and their family members; sisters Mrs. R. Munilakshmi and late Ms. R. Nagarajamma; without whose physical labour and encouragements I might not have continued my educational career in a progressive manner up to this level. I am also grateful to Ms. U. Ramana Kumari, Guntur and Dr. M. Sri Rama Krishna, former Lecturer in Chemistry, T. J. P. S. College, Guntur, the local organising committee members of Gayathri Parivar (C/o. Shanti Kunz, Haridwar) for their priceless spiritual guidelines, by whose internal inspiration, I have sown the seed in me to do my Ph. D. course. I am also indebted to Prof. C. Sreeramulu Chetty, Savannah State University, Savannah, United States of America for his constant affections, support and guidelines in all directions. The help extended by the family members of late
Mr. A. Munirathnam, Retd. Lecturer in English, Besent Theosophical College, Madana Palli and Dr. V. Jayaram, Retd. Professor, Sri Venkateswara College of Medical Sciences, Tirupati is also to be acknowledged.

I am also indebted to my beloved teachers at various Schools and Colleges, starting from my childhood days to till date, for their encouragements and special affections towards me with a lot of aspirations. Last but not least, I am thankful to one and all, who helped me directly or indirectly in coming up to this level.

Beyond all, I bow down my head to the great divine Nature, universal feet of our motherland, for ever flowing guidelines and blessings by its enormous heritage and culture.

R. BALAKRISHNAIAH
