ACKNOWLEDGEMENTS

It gives me an immense pleasure to express my deep sense of gratitude indebtedness to my revered teacher and research supervisor Prof. K.T. Ramakrishna Reddy, Department of Physics, Sri Venkateswara University, Tirupati, India, who has given me an opportunity to carry out my research work under his able supervision. I am really lucky to associate for my research work with such a proficient and well-experienced researcher. The inspirable guidance, continuous encouragement and constructive criticism with timely suggestions extended by him at all stages of work towards me are mainly responsible for the successful completion of the present work.

I extend my heartfelt thanks to Prof. V.V.R. Narasimha Rao, Prof. A.K. Sharma, Prof. S. Uttanna, Dr. O.M. Hussian, and Dr. P. Sreedhara Reddy of the thin film research division for their valuable suggestions and encouragement with useful discussions throughout the progress of this work.

I express my sincere thanks to Prof. P. Narasimha Reddy, Head of the Department of Physics and former Heads, Prof. S. Buddhudu, Prof. V. Sundara Raja for extending their cooperation and providing the necessary laboratory facilities.

I wish to record my profound thanks to Prof. B.C. Venkata Reddy, Principal, S.V.U. College of Mathematical and Physical Sciences for extending his cooperation during the course of work.

It's my pleasure to acknowledge the cheerful company and assistance of my research colleagues, Dr. Y.P. Venkata Subbaiah, Ms. G.M. Shanthini, Mrs. M. Devika, Ms. N. Revathi, Mr. A. Surya Narayana Reddy, Mr. L. Raja Mohan Reddy and Mr. P. Babu throughout the progress of the work.
I express my heartfelt thanks to Dr. A. Siva Sankar Reddy, Dr. K. Venkata Subba Reddy, Dr. N.O. Gopal, Dr. P. Giri Prakash, Dr. V. Venkata Ramu, Dr. A. Simhadri, Dr. G. Krishnaiah, Dr. N. Madhusudhana Rao, Mrs. A. Sujala Swapna Smitha, and Mrs. V. Nirupama, for their help at the times of need during the tenure of my work.

The cheerful assistance and undistinguished moments of my best friends, K. Hari Krishna, I. Omkaram, A. Ashok Kumar, V. Janaradhan, S. Kaleemulla, S.V. Jagadeesh Chandra, R. Bala Krishnaiah, K. Upendra Kumar, V. Kalai Vani, R. Praveena, Kishore Kumar, D. Srikanth Reddy, K. Pratap, A. Suman Kumar, M. Rafiq, D. Chand Basha and others are never forgettable.

I am highly indebted to my parents, Sri. P. Chinna Thirupalaiah and Smt. Venkata Lakshmamma, sister, Venkata Rama Devi, brother-in-law, C. Lakshmaiah, brothers, Ankalaiah, Kondaiah, Narayana, Venkata Narayana, Venkata Ramaiah, Thirupalu and Giri and other family members for their kind cooperation and affectionate encouragement, which made this work possible.

My thanks are due for the staff members of Instrumentation workshop, Liquid Nitrogen Plant and Department of Physics for their technical assistance and providing necessary support during the course of this work.

Finally, my sincere thanks are due to authorities, Sri Venkateswara University, Tirupati, for awarding a University Merit Fellowship and providing the necessary facilities to carryout this research work.

P. PRATHAP
