I derive immense pleasure in expressing heartfelt gratitude's to my research supervisor Dr T. Damodharam, Assistant Professor, Department of Environmental Sciences, Sri Venkateswara University, Tirupati and co research supervisor Dr A. Nagaratnam, Professor of Geology, Sri Venkateswara University, Tirupati for their valuable and efficient guidance and critical reviews throughout the research endeavor.

I am extremely grateful to all my teachers Prof G. Ramakrishna Naidu, Prof K. Janardhanam and Dr G.P. Maddaiah, Department of Environmental Sciences, Sri Venkateswara University, Tirupati and the University authorities for giving an opportunity to pursue my research studies. I am additionally grateful to Prof G. Ramakrishna Naidu, Head and BOS chairman and Prof K. Janardhanam of the Department of Environmental Sciences, Sri Venkateswara University, Tirupati for their cordial and essentially favorable decisions taken during the research tenure.

I wish to thank the Principal, College of Mathematical and Physical Sciences, Sri Venkateswara University for his favorable decisions taken during the research tenure.

My sincere thanks to Dr. U. Suresh, chemical analyst, Department of Geology, Sri Venkateswara University, Tirupati for his cooperation in laboratory analysis. I also thank Dr K.S.S. Prasad for his intervention in drawing diagrams related to the study. I thank the office staff, Geology department for their kind support and co-operation during the research work. I also thank Dr Lingeswara Rao, DDE, Sri Venkateswara University for his essential discussions. I also thank Dr K. Madhavasetty, Assistant
Professor, Department of Botany, Sri Venkateswara University, Tirupati for helping me in the identification of plant species.

It’s my privilege to render heartfelt thanks to Dr T.N.V.K.V. Prasad, Scientist, Soil Science, Regional Agricultural Research Station, Tirupati for his helping hand in creating a conducive environment to conduct plant and soil studies. In addition, I also thank Mr R.Manreddy and Mr K.V.Nagaraja, technical assistants, for their assistance during the analysis. It’s my duty to acknowledge the higher officials Dr P.V. Reddy and Dr V. Munaswamy, Regional Agricultural Research Station for permitting to carry out the analysis at the regional laboratory. I also thank Dr K. Venkaiah, Dr M.V.S Naidu and Prof N. Ramavatharam, Agricultural College, Tirupati for their cooperation rendered during the research studies.

I am thankful to Dr K.Chandrasekhar, Head, Analytical division Defence Metallurgical Research laboratory, Hyderabad for permitting to carry out the metal analysis.

It’s a great pleasure to acknowledge co-scholars and friends N. Dinakar, P.C. Nagajyothi and Y. Uday Kiran as most of the time was spent with them in fruitful discussions.

My sincere thanks to the Office staff, Department of Environmental Sciences, Sri Venkateswara University, Tirupati for their cooperation during the research tenure.

I wish to thank co-scholars and friends Gopi, Kiran, Ramesh, Sreevani, Bhargavi, Shivani and others for their interactive discussions.

I am ever grateful to my affectionate parents and all the family members for their continuous support and love throughout my career.
