

## ACKNOWLEDGEMENT

I wish to express my heartfelt appreciation of the efforts of my supervisor **Dr. B.G. Pachpatte**, Professor, Department of Mathematics, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad (MAHARASHTRA) INDIA, who guided me in an extremely interesting and important area of research in the theory of partial differential equation. His stimulating discussions, continuous encouragement and constructive criticism have enabled me to complete this thesis. I have been fortunate enough in having an opportunity to work under him and record my sincere and deep sence of indebtedness to him.

I would like to express my profound gratitude to University Grants Commission, Dr. Babasaheb Ambedkar Marathwada University and Dnyanopasak Shikshan Mandal for awarding me fellowship for one year to complete my research.

At the last, I am thankful to Shri. D.R. Maske for his excellent and accurate typing of this thesis.
