ACKNOWLEDGEMENTS

I take this opportunity to record my deep sense of gratitude to Dr. K. A. Thakar, Reader in Organic Chemistry, Marathwada University, to whom I am very much indebted for his valuable guidance throughout the progress of this work.

I am very much grateful to Dr. D. D. Khanolkar, Professor and Head of the Department of Chemistry, Marathwada University, for his keen interest in this work and for having provided all necessary facilities.

My thanks are also due to Dr. N. S. Bhacca, Varian Associates, California, and late Dr. C. R. Kanekar, Tata Institute of Fundamental Research, Bombay, for having supplied the NMR spectra of some of my compounds.

I am thankful to the authorities of the Regional Research Laboratory, Hyderabad, for having provided the IR spectra.

My sincere thanks are due to my friends in this Department without whose help I could not have completed this work.

(G. D. Deshpande)
