ACKNOWLEDGEMENT

I am very glad to place on record my heartfelt thanks with deep sense of reverence to Dr. W. Selvamurthy, M.Sc., Ph.D, Director, Defence Institute of Physiology and Allied Sciences, Delhi for suggesting the problem and for the sustained interest and constant encouragement throughout the period of research.

I am immensely grateful to Shri K. Sridharan, Head, Division of Nutrition for his invaluable advice, suggestions and help throughout the period of research.

I place on record my thanks to Dr. Devendra Kumar, Sc. 'F', Head Experimental Biology for his encouragement and providing necessary facilities for carrying out the study.

I extend my sincere thanks to all my colleagues (Dr. M. Sairam, Dr. Dipti Prasad, Dr. SK Sharma, Dr. Anju Bansal, Shri AK Kain, Mrs Pauline Thomas) for their help in carrying out this research.

I place on record my thanks and indebtedness to the Army personnel who volunteered to be the subjects of this study.

My sincere thanks are due to the army authorities who have provided all logistic support and facilities for carrying out the research.

I am grateful to the Scientists of the Nutrition Division (Shri R. Ranganathan, Shri AK Mukherjee, Shri MML Kumria, Shri P. Vats) and Shri SS Purkayastha, Sc. 'D' of Cold Physiology Group for his help in studying cold induced vasodilation responses.

My heartfelt thanks are extended to Mrs Saroj Bala Chopra in typing the manuscript.
