ACKNOWLEDGEMENTS

I express my deep sense of gratitude to Dr. L.V. Gangawane, M.Sc., Ph.D., F.P.S.I., F.B.S., Reader, Botany Department, Marathwada University, Aurangabad, for his inspiration, invaluable guidance and supervision throughout the course of this investigation.

I feel indebted to Prof. S.T. Tilak and Prof. R.M. Pai for their encouragement and laboratory facilities during the course of this study.

I am grateful to U.G.C., New Delhi, and Marathwada University, Aurangabad, for granting Teacher Fellowship and to the Chairman, People’s Education Society, Bombay, and Principal M.A. Shinde, of Milind College of Science, Aurangabad, for granting study leave.

My sincere thanks are due to Dr. V.N. Naik for taxonomic identification of the wild legumes and Dr. M. Dye, Rothamsted Experimental Station, Rothamsted, U.K., for providing standard Rhizobium cultures and to Dr. D.J. Fischer, Long Ashton Research Station, University of Bristol, Bristol, U.K., for fruitful discussion.

I thank Dr. S.P. Nanir, Reader, Institute of Science, Aurangabad, Prof. B.G. Rokade and my colleagues in the Botany Department, Milind College of Science, Aurangabad, and Dr. G.R. Basole, Horticulturist, for their help during the course of my studies.

I also place on record my thanks to Shri V.K. Kothekar, Dr. A.M. Mungikar, Dr. (Mrs.) S.R. Shinde, Dr. Manjari Choudhari, Dr. (Mrs.) Suniti Barve, Dr. Leela Kulkarni and Mr. B.R.C. Reddy and all my associates and friends in the University.

Thanks are due to Shri V.A. Chaudhary for his help in preparation of the illustrations and Shri M.S. Muraleedharan for typing the thesis.

Lastly, I express my heartfelt thanks to my wife Malati for the constant and watchful care and earnestness of my children which enabled me to give off my best to complete this study.
