List Of Tables

TABLE:

1. Mean and SD for the time taken
2. Correlation and reliability coefficients
3. Panel of experts who judged the items of BSRI for their face validity for present population
4. Approval of the items by the panel of experts
5. Items approval by the panel of experts
6. The age of Ss
7. The distribution of Ss falling into different levels of education
8. Migration of Ss
9. The distribution of Ss with regard to community
10. The type of family from which the Ss hail from
11. The filial position of the Ss
12. The number of children the Ss have
13. Mean and SD of the scores of the groups of I-scale of I-E I
14. Analysis of variance of scores of the Ss on I-scale of I-E I
15. HSDs between means of the groups on I-scale of I-E I
16. Mean and SD of the scores of the groups of P-scale of I-E I
Analysis of variance of scores of the Ss on P-scale of I-E I

HSDs between means of the groups on P-scale of I-E I

Mean and SD of the scores of the group of C-scales of I-E I

Analysis of variance of scores of the Ss on the C-scale of I-E I

HSDs between means of the groups on C-scale of I-E I

Mean and SD of scores of the groups on PES

Analysis of variance of scores of the Ss on PES

HSDs between means of the groups on PES

Mean and SD of the scores of the groups of POQ

Analysis of variance of the scores of the Ss of POQ

HSDs between means of the groups on POQ

Mean and SD of the scores of the groups of E-scale of HPI

Analysis of variance of scores of Ss on E-Scale of HPI

HSDs between means of the groups on E-scale of HPI

Mean and SD of the score of the groups on C-scale of HPI

Analysis of variance of scores of the Ss on the C-scale of HPI

HSDs between means of the groups on C-scale of HPI

Mean scores obtained by groups on HPI's scales
35 Mean and SD of the scores of the groups on Androgyny
36 Analysis of variance of scores of the Ss on Androgyny scores
37 HSDs between means of groups on Androgyny scores
38 Mean and SD of the scores of the groups on AQ
39 Analysis of variance of the scores on AQ
40 HSDs between means of the groups on AQ
41 Discriminant scores of the Ss
42 Variable wise values between the groups

Graph - I  Discriminant functions of House Wives and Career women

Graph - II  Discriminant functions of House Wives and women Entrepreneurs
