ACKNOWLEDGEMENT

First and foremost, I gratefully acknowledge the abiding presence and the abounding grace of Lord GOD Almighty right through the course of this work.

I am deeply indebted to my guide and supervisor, Dr. Sakuntala S. Pillai, former Director, L.B.S.Centre for Science and Technology, Thiruvananthapuram and present Professor and Head, Department of Electronics and Communication Engineering, Mar Baselios College of Engineering and Technology, Thiruvananthapuram, for her scholarly guidance and dedicated support during the course of the work. She has been an invaluable and sustained source of inspiration, and took wholehearted and sincere interest right from the selection of the research theme till the completion of the thesis.

I would like to express my profound thanks to Dr. K.Narayanan, Director, L.B.S.Centre for Science and Technology, Thiruvananthapuram, for his constant support in providing the facility needed for carrying out the thesis work during this period.

Last but not the least, I thank my family members for their continued and constant encouragement, support and sacrifice throughout the whole period of this work without which this work would not have completed.
