Thank any successful steps in the pathway of life, the spiritual power is always associated which is supported by many souls. Likewise, in accomplishing this successful work, the blessing, supervision, advice, guidance and co-operation of many souls were inherently associated whether on the light or from the dark. In this context, I acknowledge my hearty thanks to those souls concerned for this successful piece of work.

I am highly obliged and feel deeply honoured to express my profound sense of gratefulness to my esteemed, learned and worthy guide Dr. Mridula Kapoor, M.S., Associate Professor and Head, Department of Obstetrics and Gynaecology, M.L.B. Medical College, Jhansi, for her excellent guidance, invaluable suggestions, untiring patience backed by her unlimited knowledge. Her ever-helping nature, constructive criticism, most perceptive mind and great sense of precision were constant source of inspiration during the course of this thesis work. I shall be forever indebted to her generosity for making available all facilities to work.

I am unable to find any word by which I can express my gratefulness to my respected Co-guide Dr. R.K. Agarwal, M.D., Associate Professor and Head, Department of Microbiology, M.L.B. Medical College, Jhansi,
for permitting me to conduct the study in the Department of Microbiology. I am deeply grateful to him for his invaluable guidance, concrete and constructive suggestions, constant supervision and encouragement during the pursuit of this work.

I owe my sincerest thanks to my respected Co-guide, Dr. Usha Agarwal, M.S., Associate Professor, Department of Obstetrics & Gynaecology, M.L.B. Medical College, Jhansi, for her extreme co-operation, invaluable guidance and help to complete this work.

I am extremely grateful to my respected Co-guide Dr. Sushila Kharkwal, M.D., Assistant Professor, Department of Obstetrics & Gynaecology, M.L.B. Medical College, Jhansi, for her able supervision and constant attention and keeping my spirits high during the course of the study.

I am also grateful to Dr. Sunita Arora, M.S., Associate Professor, and Dr. Sanjaya Sharma, M.D., Assistant Professor, Department of Obstetrics & Gynaecology, M.L.B. Medical College, Jhansi, for their constant encouragement and suggestions during this study.

I extend my thanks to my colleagues who helped me in the completion of this study. I also offer my sincere thanks to Mr. K.M. Thomas for his excellent, speedy, perfect and untiring secretarial work.
I remember my younger brother Sharat and my younger sisters Alhadini and Prabhasini, whose love and well wishes is always associated with any successful steps in the path of my life.

I acknowledge the inspiration, moral support and divine love of my parents Sri Nabin Kishor Mishra and Mrs. Shantilata Mishra, whose affection and blessings acted in disguise to persuade my study with gusto and confidence and perfection. It is impossible to repay the debt throughout my life for their supreme sacrifice for me.

I heartily dedicate this work to them.
