ACKNOWLEDGEMENTS

I wish to express my heartfelt thanks to my research guide Dr. V.S. Kothekar for his inestimable guidance throughout the course of the present investigation.

I am thankful to Prof. A.B. Sapre, Prof. L.V. Gangawane and DR. N.P. Vaikos, the former Heads, and Dr. D.S. Mukadam, the present Head, Department of Botany, Dr. B.A.M. University, Aurangabad for providing timely help and all facilities for the smooth conduct of my research work.

I am sincerely thankful to Department of Atomic Energy, Government of India for awarding me a Senior Research Fellowship.

I am grateful to Dr. R.K. Mitra, Head, NABTD, BARC, Mumbai for arranging the training on biochemical and molecular techniques at BARC, which helped me a lot for undertaking the present investigation. Again I am highly obliged to him for personal interest with all his heart.

I express my deep sense of gratitude to Dr. S.E. Pawar, SO(G), NABTD, BARC, Mumbai for his invaluable help, continued guidance, enthusiastic interest and ceaseless encouragement all through the course of the present study.

I am highly indebted to Dr. T. Gopalakrishna, SO (G), NABTD, BARC, Mumbai who taught me the nuts and bolts of biochemical and molecular techniques, so vital for my present study and for my future research career.

I would like to thank Dr. R.N. Pandey, Dr. P. Suprasanna, Dr. Manjayya, Dr. Susheelan, Dr. Anjali Bhagwat, Shri. Umesh Vaidya, Mrs. S. Kotwal and Mrs.
Ruta Pendse, NABTD, BARC, Mumbai for all necessary help rendered during my stay at BARC for undertaking some part of the present research work.

I am thankful to all teaching and non teaching staff members of the Department of Botany, Dr. B.A.M. University, Aurangabad for their cooperation. My special thanks are due to Dr. A.M. Mungikar and Mr. Dhokane for their help as regards the physiological experiments and photographic facilities, respectively.

I am grateful to Dr. G.R. Basole, former Horticulturist and Mr. Govind Humbe, Garden Superintendent and other garden staff for providing all field facilities.

My sincere thanks are also due to Dr. Ajay Khandelwal for his help in typing the thesis.

I am specially thankful to Dr. Mrs. A.V. Kothekar for her help in the span of present study.

I sincerely acknowledge all my research colleagues in the Department of Botany for their cooperation and timely help.

I am equally thankful to all my well-wishers and constructive criticizers.

I would be failing in my duty if I do not express my thanks to my dear sister Mrs. Manisha Joshi and my bosom friend Mr. Sudhir Patil from Ambejogai for their moral support and encouragement during the course of present investigation.
Finally, I can not indite my feelings and thanks to my beloved mother who moulded my life after the demise of my father and exhibited infinite patience all through my education.
