ACKNOWLEDGEMENTS

I would like to express my deep and sincere gratitude to my research supervisor, Prof. Dr. Gurijala Ramakrishna Naidu, for his valuable guidance, scientific discussions, encouragement, enthusiasm, irredeemable debt of love and affection I have received throughout the course of this work. I also sincerely thank my research supervisor for his cool headed, well-balanced heraldis advocacy, constant co-operation, careful observation, unfailing commitment and valuable suggestions in finalizing this research project to a successful one. His humane as well as humanitarian treatment in the stormy situations upgraded me a lot for the fulfillment of the target.

It is my pleasure to express my sincere thanks to Dr. Ashok Kumar Pandey, Radiochemistry Division, Bhabha Atomic Research Centre (BARC), for his superhuman patience, wholehearted co-operation, continuous support and fruitful scientific suggestions, without which this work would not have been successful. I also take this opportunity to state that his keen interest and valuable suggestions were of immense help in improving the quality of work as well as enriching my knowledge.

It gives me an immense pleasure in extending my deep sense of reverence and gratitude to Prof. K. Janardhanam, Head, Department of Environmental Sciences for his encouragement and I am also thankful to Late Dr. G.P. Maddaiah and Dr. T. Damodharam, Department of Environmental Sciences, Sri Venkateswara University, Tirupati. I express my sincere thanks to Mr. D. Suresh Kumar and other non-teaching staff of Department of Environmental Sciences, Sri Venkateswara University, Tirupati, for their spirited help.

I am highly thankful to Prof. Dr. A.V.R. Reddy, Head, Analytical Chemistry Division for his motivation in my project work and patience during the trials and tribulations of writing my research papers. I also thank Prof. Dr. V.K. Manchanda, Head, Radiochemistry Division for granting me permission to avail all the facilities during my research work in BARC. I express my thanks to Dr. R. Acharya, Dr. V. Natarajan, Dr. G.A. Rama Rao and senior scientific officer Mr. R. Sadanandan for their cooperation and help during the work in BARC.
I am thankful to Board of Research in Nuclear Sciences (BRNS) and Department of Atomic Energy (DAE), Government of India, for providing me the fellowship during the course of this study.

I am specially thankful to my seniors Dr. K. Sreenivasa Rao, Dr. P. Gopi Krishna, Dr. K. Prasad, Dr. V. Vishnuradhan, Dr. N. Dinakar, Dr. K. Kiran, Dr. Ms. P. Sreevani and Dr. Mrs. C. Sivani and to my lecturer Dr. S.V. Lingeswara Rao for their co-operation, encouragement and advices at different stages of the work.

I am very much grateful to Mr. B. Gangadhar, Mr. Y. Tharakeshwar and Dr. Sadananda Das for their co-operation and companionship during the entire course of this work. I have received the direct and indirect support of several of my colleagues, friends and well-wishers, namely Mr. Dhaval Rout, Dr. Mrs. P.R. Bhagat, Dr. T. Vasudevan, Mr. Vivek Chavan, Mr. Pankaj Kandawal, Mr. R.B. Gujar, Mr. Sujan Kumar, Ms. P. Latha, Ms. Shahanaz Begum, Mrs. Naga Ratna, Mr. Vipranarayana, Mr. N.H.S. Prasad, Mr. D. Suresh Babu and Mr. V. Ravi.

I highly appreciate the deep concern, co-operation, encouragement, love and affection provided by my sister, brother-in-law, friends and relatives. The happy moments shared with my little nephew, master Sashi Kiran were really refreshing and treasurable one.

The goodwill, good wishes, affection and encouragement of my parents, helped me to pursue the research programme. My parents have always been the eternal source of inspiration in every sphere that lead me to success. Words are not suffice to express my deep sense of gratitude to them.
