Acknowledgement

I must preface my thesis by expressing sincere and deep gratitude to those who made possible for me to complete my research work because an endeavor in any field needs inspiration, guidance and moral support at every step. First of all, I would like to thank God for giving me the courage to do this work and today by the grace and blessings of God I succeeded in completing my research work with credit.

I feel highly obliged to my honorable guide Dr. Vandana Bhalla, Assistant Professor, Department of Chemistry, Guru Nanak Dev University, Amritsar who put day in and day out efforts of guidance to facilitate me to reach my goal resplendently. Under her guidance, I successfully overcame many difficulties and learned a lot. I could never have imagined having a better advisor and mentor for my research work.

I would like to express my heartfelt gratitude to Prof. (Dr.) Manoj Kumar, Head, Department of Chemistry for his timely encouragement, discussions and guidance. His words always inspired me and bring me to a higher level of thinking.

I also wish to convey my sincere thanks to Prof. (Dr.) B. S. Randhawa and Prof. (Dr.) Subodh Kumar (Former Heads), Department of Chemistry during their tenure for providing me necessary laboratory facilities for the accomplishment of this work. I am also thankful to our technical and non-teaching staff for their co-operative assistance.

I am grateful to all my senior lab mates especially Dr. Abhimanew Dhir for his supportive and courageous discussions that inspired me to work hard during my degree and strive for success. Further, I would also like to thanks Dr. Hardesh Arora who is like my elder brother and gave me the moral support in the time of frustration and never allowed me to give up. I would also like to thanks all my lab mates and friends for their constant support during my work and for all the fun that we have had together in the last years.

I gratefully acknowledge the funding agencies DRDO, UGC-UPE and CSIR for fellowship and grants, Centre for Emerging Science (GNDU), AIRF(JNU), SAIF (PU) for providing necessary instrumentation facilities and Department of Chemistry,
Guru Nanak Dev University, Amritsar for providing the infrastructure, necessary research facilities and work environment that made my research possible.

The love, affection and continuous encouragement of my family acted as a premium to my achievement is not to be acknowledged but need to kept in recesses of my heart. I dedicate all my work to my parents (Sh. Hans Raj Arora and Smt. Santosh Arora) for whom words are not enough to say something what I am today is all because of them. I am greatly indebted to my elder sister Dr. Nitika Kapoor, who always remained my role model, inspired me to think big and strive for your goal in life. Last but not the least; I also like to thank my brother-in-law, Dr. Bharat Kapoor for his encouragement and my sweet nephew Master Daksh Kapoor whose single smile rejuvenates me.

(Harshveer)
