First and foremost, I express my heartiest and deep sense of gratitude, indebtedness, profound etiquette and sincere thanks to my Supervisor, Dr. Ashis Kumar Chatterjee, Professor, Department of Agronomy, Soil Science, Agricultural Engineering, Plant Physiology and Animal Science (ASEPAN), Palli Siksha Bhavana, Visva-Bharati, Sriniketan for his meticulous supervision, scholastic guidance, sustained inspiration, valuable advice and encouragement throughout the course of investigation and preparation of this manuscript.

I extend my sincere regards and heartiest gratitude to my Co-Supervisor, Dr. Dinabandhu Jena, Former Professor & Head (Soil Science and Agricultural Chemistry), Odisha University of Agriculture and Technology, Bhubaneswar and Visiting Professor, Central Agricultural University, Barapani, Meghalaya, for his valuable suggestions and constant guidance during the entire course of investigation. I attribute the level of my degree to his continuous encouragement and effort and without him this thesis, too, would not have been completed or written.

I would like to convey my sincere regards and pronounced gratitude to Principal, Palli Siksha Bhavana and Dr. SR Mitra, Head and other faculty members of ASEPAN, Palli Siksha Bhavana, Visva Bharati, Sriniketan for their support, cooperation and encouragement throughout the course of my study.

I am highly obliged to Dr Trilochan Mohapatra, Director, ICAR-Central Rice Research Institute, Cuttack, for allowing me to continue my Ph.D. study.

With a deep sense of gratitude and zeal, I extend my warmest thanks to Dr. Biswanath Sadangi, Principal Scientist & Head, Social Science Division, ICAR-CRRI, Cuttack for his valuable suggestions and cooperation in carrying out the work.

I owe indebtedness to Dr. Sangram Keshari Swain, Professor, Farm Power Machinery, OUAT, Bhubaneswar, for extending his generous help and able guidance throughout the ups and downs during my research work.

I would like to convey my sincere thanks and profound gratitude to Shri Malaya Duary, AAO, Soil Chemist, Baripada, Shri Deba Prasad Satapathy, Soil Chemist, Soil Testing Laboratory, Cuttack and Dr. Ranjan Kumar Mohanta, Subject Matter Specialist, Animal Science, KVK Cuttack for their valuable suggestions, untiring help and co-operation during the research work and/or formulation of this manuscript.
I express my ecstatic and delighted thanks to Panigrahi sir, Sanghamitra madam, Debasish bhai, Jagannath bhai, Arundhati didi, Kishor, Sanjay babu, Pati babu, Pradeep and Jisu for their continuous inspiration and encouragement rendered throughout the course of the investigation. I also express my delighted thanks to Mrs Snigdha Dash, RA, Department of Soil science & Agricultural Chemistry for her co-operation during the course of lab work.

I express my delighted thanks to Dr. S.M. Prasad, OIC, KVK Cuttack and Mr. T.R. Sahoo, SMS, Horticulture, KVK Cuttack for inspiration and support during the course of investigation. My sincere gratitude is also due for Narendra, Bitu, Ranjan and others who worked untiringly to make the work as perfect as possible.

I cannot thank them in words for the earnest love and affection bestowed to me by I would pay my Zenith regards and foremost devotions to my Beloved Parents (Shri Krushna Chandra Sarangi and Mrs Bishnupriya Sarangi), Mother-in-law, Sudha bhaina, Mitu nani, Chitu bhaina, Bhauja, Kakei, Khudi and grandparents for their incipient blessings and inspiration that has actually helped me in shaping my career and brought me to this stage of success. Thank you all for your continuous encouragement and support in every moment of my life.

I express my profound love and affection to Soumen, Subhra, Amrita, Sarada, Arpita and Swayamprakash, for their catalytic role in every step of my life which inspire me to be patience and constructive during the course of investigation.

“When emotions involve, words cease to exist”, words are not sufficient to express the enormous patience, faith and sacrifice of the ever present Nana and caring Bou who have helped me to come this far. I owe a special thank to my beloved wife, Mousumi for her untiring and unstinted support in all the pains and pleasures of the life and love that enabled me to bring this task to fruiting.

Last but not the least; I am thankful to Maa Sarala whose blessing made it possible to complete my doctorate programme within the stipulated time.

Sriniketan
