Acknowledgements

At the end of this work, foremost, I would like to express my extreme gratitude to my guide Dr M S Subhas, Professor, Dean & Director, KIMS, KUD, the most significant contributor, for his strong personal support through this arduous path of completing this research. His constant encouragement, support and concrete suggestions all through shaped and completed this research thesis. I would like to thank him profusely for being patient with my delays and always finding time for me from his busy schedule.

I am deeply indebted to Dr A H Chachadi of Karnatak University Dharwad who provided me academic and moral support and encouragement.

I would like to thank my research colleagues at Karnatak University Dharwad for their encouragement through the progress presentations. I am indebted to them for all their support extended.

I am very thankful to the office staff at KIMS for all the support.

I wish to express my sincere and deep gratitude to the executives of the companies, who provided me with all the access and time, necessary to collect data. Here I would specially like to thank Ms Divya from Karvy, Mr Bhatt from Syndicate bank, Mr Sachin from Airtel, Mr Wale and Ms Archana from RNS for data collection support.

A heartfelt acknowledgement to my family, friends and well-wishers who unconditionally supported me all through, accepting my indifference, mood swings, and unjustified demands: my parents, Dr S Basalingappa and Mrs Honnamma who provided me the greatest support and strength, Mamata, Sangamesh and Srinivasan who have supported me with all my reasonable and unreasonable demands. I wish to acknowledge Mousumi, Swati, Sonal, Preeta, and all my friends and well wishers at IIM Ahmedabad, MICA Ahmedabad, IMSR Hubli, and KIMS Dharwad, whose support, encouraging words and deeds deserves a special mention.

Last but not the least, a special thanks to all the people who were directly or indirectly involved with this research. They have been responsible for me to complete this research which now seems like a work I would always look back with fond remembrances of people, times and events.

Anita Basalingappa
