Acknowledgement

I express my deep sense of gratitude and indebtedness to Dr. S.C. Puranik, Professor, Department of Studies in Geology, Karnataka University, Dharwad for his constant encouragement and inspiring guidance throughout my research work.

I am grateful to the Chairpersons, Department of Studies in Geology, Karnataka University, Dharwad for providing research facilities in the department during my research work. I thank the authorities of Karnataka University, Dharwad for providing financial assistance in the form of University Research Scholarship.

I acknowledge with thanks the help and co-operation rendered by all the teaching and non-teaching staff of the Department of Studies in Geology, Karnataka University, Dharwad.

I sincerely thank Dr. V.S. Singh, Scientist 'F' NGRJ, Hyderabad, who helped me by providing a handful of computer softwares, which were of great help in my research work.

Special thanks to Mines and Geology Department, Dharwad for providing me with information regarding Water Level Fluctuation and Rainfall Data.

I deeply thank all the people of Asundi Nalla Watershed Villages who helped me and co-operated with me while collecting the samples during my research work.
My special thanks to all the Bore well Agencies of Ranebennur and surrounding places for their co-operation in providing me with the bore well data.

I express my heartfelt thanks to Mr. Deepak Sarvade, Uyen Gyurme, Tejasvi Lakkundi, Ramalinga Natikar, Kanraj, Rakesh Udupi who all helped in successfully completing my thesis.

I am thankful to Prakash Rathod, Sridhar Pujar, Murgesh Malapur and Basavraj Talwar who helped me during my research work.

I am also thankful to all my friends who directly or indirectly helped me during my research work.

Above all with a deep sense of gratitude I express my heartfelt reverence to my father, mother and brother for their constant support, help and encouragement throughout my Ph. D. work.

Dharwad
