Preface

The thesis is based on research conducted during 1970 and 1973. I owe my indebtedness to different persons.

I am deeply grateful to Dr. Gopala Sarana for his infallible guidance and stimulating criticism and suggestions both during the field-work and in the preparation of the thesis.

I have been helped by the discussions and stimulating exchange of ideas I had with the colleagues and the research scholars in the department. I am specially grateful to Shri B.G. Halbar whose comments enabled me to broaden my inquiry. My sincere thanks are due to the research scholars who helped me in preparing the glossary and in reading of the final draft.

I acknowledge with gratitude the financial assistance towards my research by the University Grants Commission which awarded Junior Research Fellowship for three years, from 9-9-1970 to 9-9-1973.

I am grateful to the people of Supa and many officials in the educational field without whose cooperation the research would have been impossible. Special credit is due to Shri S.S. Sunthankar for providing me with all facilities in the field.

Last, I am grateful to my husband Dr. V.B. Mahale who contributed to the completion of this research.
