ACKNOWLEDGEMENTS

The research work was carried out with the financial assistance by means of Junior and Senior Research fellowships (July 1987 to 15th October 1990) from the Council of Scientific and Industrial Research, New Delhi for which I am ever grateful.

The research work presented in this thesis was carried out in the Department of Studies in Geology, Karnataka University, Dharwad, under the supervision and valuable guidance of Dr. K. Gowdreddy, Professor of Geology. I acknowledge my indebtedness and pay highest regards to him for his constant encouragement and continued interest.

It has been a nice gesture of Shri V.S. Hegde, Manager Applications, (NNRMS-RRSSC), ISRO, Bangalore, who has taken keen interest in every aspect of the research work and consistently reviewed it critically and given valuable suggestions at all stages. I record my sincere gratitude towards him.

Dr. S. Murali, Professor of Geophysics, Centre of Exploration Geophysics, Dr. Ch. Sudarsan Raju, Professor and Head, Department of Geology, Osmania University, Hyderabad have given encouragement and help. Dr. S.V. Navada and Shri K. Shivanna, Scientists, Bhaba Atomic Research Centre, Bombay have helped for the isotopic analysis of groundwater and given valuable guidance during the study. I sincerely thank them. I am ever grateful to
Professor T.C. Devaraju, Department of Studies in Geology, Karnataka University, Dharwad, for his affectionate encouragement.

Shri S.B. Chetti, Lecturer, Engineering College, Raichur, Mr. Shantaram Hegde, Mr. Jayaraj, Mr. Anil Abbi, Research Scholars, Department of Studies in Geology, Karnataka University, Dharwad have assisted during field and laboratory investigations. Mr. Gopinath Hegde, Research Scholar, Department of Physics, Karnataka University, Dharwad has given a nice company during the hostel days. I remember their beautiful friendship.

Dr. M. Basappa Reddy, Director, Karnataka State Remote Sensing Technology Utilisation Centre (KSRSTUC), Bangalore, has shown good interest and encouraged for studies. Dr. Shreedhara, Dr. Lingaraju, Shri. Prabhakar, Shri. Ramesh, Shri. Benjamin, Shri Bannur and Dr. Sherieff, Scientists, KSRSTUC, Bangalore have been very friendly. I acknowledge their encouragement. Shri Shanthaveeraiah, Smt. Sahaya Mary, Smt. M.R. Shobha, Shri H.E. Prabhu, KSRSTUC have extended their helping hand. I sincerely thank them for their love and affection.

Shri S. Rajagopalan, Executive Secretary, Karnataka State Council for Science and Technology (KSCST), Bangalore, has given encouragement. I am thankful to him and to all other Scientists in KSCST and especially to Shri Govindaraj for his help.
My uncles, Shri Mahabaleshwar Hegde and Shri Subrahmanya Hegde have been the source of spirit and without their stimulation and help I would not have been at this stage. I owe them a lot. Their belief in me and love will go a long way in my life.

I thank my cousin Chi. Satish who accompanied me during field work. I thank my brothers Chi. Dattatray, Chi. Sadashiv, Chi. Ramu, and Chi. Manju for their tolerance and help. My sister Smt. Vinoda Hegde has been inspiring me. I remember all of my friends and relatives who have co-operated and encouraged during my studies. I also thank Miss Geeta Hegde for her understanding. Smt. & Shri Madhav Pai, Mr. Baroor Anil have made my stay at Bangalore a nice one.

I would be failing in my duty if I don’t mention the help extended by Shri M.B. Meti, teacher, Itgi, Shri Basavaraj Kumbar, taxi driver, Ron, M/s. Abhaya Drillers, Ron and field assistants Shri Sharanappa, Shri Virupakshi and others, Rajur.

I can only begin to thank my parents Smt. & Shri Ramachandra Hegde for providing me with a good education.

Dharwad.
19.12.1991

V R HEGDE
