ACKNOWLEDGEMENT

I would like to sincerely thank my guide Dr A.H. Chachadi in inspiring me to do the thinking on the topic of research in a manner that would be applicable to the industry. It has been a learning experience in working with him. I would like to place my wholehearted appreciation to Prof. Nagabrahmam, Director, TAPMI for having encouraged me all through the stint at TAPMI and also for facilitating my work. I also thank my faculty colleagues for all the moral support they gave me.

My sincere thanks go to Shri Giridhar Prabhu, Former Vice Chairman of the Cashew Export Promotion Council for all the time that he spent with me explaining the nuances of the cashew industry. He has been a great source of knowledge and inspiration to me. He was instrumental in making the thesis as a work that could be appreciated by the cashew exporter community.

My secretaries Ms Shridevi and Mr. Narendra have spent a lot of time in helping me in entering data and in typing a significant portion of the material for the thesis. I gratefully acknowledge their contribution.

My wife and my daughter have been highly supportive of my efforts at completing the thesis. I owe my gratitude for the moral support given by all my relatives and friends in my endeavour to complete the thesis.
