ACKNOWLEDGEMENT

I am deeply indebted to Prof. Dr. M. S. Sadashivaih, M.Sc., D.I.C. (Lond.), Ph.D., Head of the Department of Geology, Karnataka University, Dharwar, who suggested, planned and guided the project. His encouragement, detailed instructions and scrutiny of the work, extremely painstaking criticism of the draft and careful editing have greatly enhanced the quality of the work. Many ideas herewith presented were inspired by discussions with him.

I am indebted to Dr. T. C. Devaraju for his valuable suggestions and help throughout the preparation of the thesis. I am grateful to Mr. Noel G. Desouza for his valuable assistance in going through the draft typescript. I am grateful to Dr. J. Naganna, Head of the Department of Geology, Bangalore University, Bangalore, for his valuable co-operation during the preparation of the thesis. My colleague Mr. G. V. Subbarayudu, offered useful and friendly assistance throughout the preparation of the thesis. Messrs. S. N. Appanagoudar and R. S. Hanagodimath have helped in reading through the final typescript. Mr. N. T. Hagargi, the Draughtsman and Photographer of the Department, prepared skillfully the illustrations and maps.

To all these persons and to many other friends who showed keen interest in the progress of the work, I wish to express my sincere thanks.
