ABBREVIATIONS

CMS - Cavitation monitoring system
SHP - Small hydro power
CFD - Computational fluid dynamics
BPF - Blade passing frequency
BPML - Blade passage modulation level
PH - Power house
GV - Guide vane
RV - Runner vane
DTL - Draft tube liner
HRC - Head race channel
TRC - Tail race channel
LHS - Left hand side
RHS - Left hand side
UI - Unit I in Powerhouse
RCC - Reinforced cement concrete
cpm - Cycles per minute
c/s - Cycles per second
