ACKNOWLEDGEMENT

It gives me great pleasure to express my gratitude to Dr. V.M. Singare, Reader in Mathematics, Department of Mathematics, Marathwada University, Aurangabad for his inspiration and continuous encouragement which have been instrumental in the successful completion of this work. It is only due to his constant encouragement and everwilling readiness for discussions, that I truely learnt several significant aspects of research area. I take this opportunity to record my deep sense of indebtedness to him.

I am also indebted to Dr. M.A. Hussain and Dr. D.B. Dhaigude for useful suggestions regarding the improvement of material in the thesis.

I am thankful to the University Grants Commission, New Delhi and Marathwada University, Aurangabad, for the grant of teacher fellowship.

I am also thankful to Honourable Shri Madhukarrao Mule, Secretary, Marathwada Shikshan Prasarak Mandal, Aurangabad and Dr. G.B. Shinde, Department of Zoology, Marathwada University, Aurangabad, for extending co-operation to complete this work.
Thanks are also extended to my contemporary research workers, Shri Shivajirao S. Shinde, Shri V.P. Suryavanshi, Shri P.L. More and the staff of the Department of Mathematics, Marathwada University, Aurangabad.

Finally I wish to thank Shri M.M. Deshmukh for his great competence and skill in neat and accurate typing of the thesis and Shri M.A. Koturwar for prompt secretarial assistance.

Aurangabad
