ACKNOWLEDGEMENT

The author is very much indebted to his respected guide Dr. N. Arunachalam (Former Professor of Civil Engg., P.S.G. College of Technology, former Professor and Head of the Dept. of Civil Engg., Karunya Institute of Technology and Dean of Civil Engineering, Bannari Amman Institute of Technology) for his constant support, timely guidance, continuous inspiration, encouragement and valuable suggestions to complete this work.

The author wishes to record his gratitude to Dr. D.G.S. Dhinakaran, Chancellor and Dr. Paul Dhinakaran, Pro-Chancellor, Karunya Deemed University for their constant prayers and encouragement.

The author takes this opportunity to express his thanks to Dr. P.K. Philip, Vice Chancellor and Dr. Michael N. Kumar, Registrar for providing all facilities for carrying out this work.

The author is grateful to Dr. G. Prince Arulraj, Director of School of Civil Engineering for being a source of inspiration and for his encouragement.

The author also expresses his thanks to Dr. S. Alexander, former Assistant Professor of Civil Engg. of P.S.G. College of Technology and Dr. A. Sethurarathnam, formerly Professor of Civil Engineering, Coimbatore Institute of Technology and Dr. A. R. Santhakumar, Visiting Professor of I.I.T; Madras, for offering useful discussion.

The author also wishes to express his appreciation to S. Justin, Assistant Professor of the Department and A. Heber Davidson, M. Praveenkumar, B. Sivaprakash and C. Suni for helping in the experimental work.

The assistance and encouragement derived from the other members of the faculty of Civil Engineering are also thankfully acknowledged.
