ACKNOWLEDGEMENT

This research has been possible because of the contribution of many people and organisation. I thank my guide Dr. A. Ramesh, Department of Geography, University of Madras for his guidance and perusal of my work.

I am indebted to Dr. M.K. Ayyaswamy, Department of Agricultural Statistics, Tamil Nadu Agricultural University and Dr. Kulkarni, Department of Population Studies, Bharathiar University for sparing time to discuss the scoring and analysis of the data.

Thanks are also due to Sr. Nympha, Principal of Nirmala College, for granting the permission to do part-time research. A special word of thanks to Equations, Bangalore who made available plates 4.1, 5.1-5.4; to Mr. Rajan of Maharaja Agencies for providing vehicular details recorded at the toll station; to various persons at the Ooty municipal office and the various other offices, for providing the requisite information and to all the respondents who helped make this study possible.

I am indebted to numerous friends for their help and encouragement during the ups and downs of research. I am grateful to Dr. Maria Anita Joseph for her constant encouragement and help at every stage of this research; to Dr. Gunaselvam for all the encouragement; to Anand for the tedious hours spent with my data organisation; to Kalyani for all the help at Ooty and to Geeta and Nirupa for accompanying me on the surveys.

I am deeply indebted to my family, my husband, daughter and mother for their unwavering support, help and patient forbearance of my preoccupation and frequent absences. Finally I wish to express my deep sense of gratitude to my uncle Dr. George Mulamoottil for his encouragement and support and for all the help rendered to my family in many many ways.
