LIST OF TABLES

TABLE

1. Reliability Co-efficient of the eight scales of the Children's Behaviour Checklist (Before Item Analysis)

2. Item analysis of Items pertaining to Factor "A"

3. Item analysis of Items pertaining to Factor "B"

4. Item analysis of Items pertaining to Factor "D"

5. Item analysis of Items pertaining to Factor "E"

6. Item analysis of Items pertaining to Factor "F"

7. Item analysis of Items pertaining to Factor "G"

8. Item analysis of Items pertaining to Factor "H"

9. Reliability Co-efficient of the Eight Scale The Children's Behaviour Checklist (After Item Analysis)

10. The Distribution of Children constituting the sample with reference to focal characteristics.

11. Time spent on specific activities in Pilot Study.

12. Test-retest coefficients of reliability of the tests.

13. ANCOVA of Faulty Learning Style₁ Scores of Ss when adjustments are made with regard to initial differences in Intelligence Scores.

14. ANCOVA of Faulty Learning Style₂ Scores of Ss when adjustments are made with regard to initial differences in Intelligence Scores.

15. ANCOVA of Faulty Learning Style₃ Scores of Ss when adjustments are made with regard to initial differences in Intelligence Scores.

TABLE

27. ANCOVA of Faulty Learning Style Scores of the Ss when adjustments are made with regard to initial differences in Intelligence Scores.

28. Summary of the Analysis of Variance of the Scores of the Ss on Social Behaviour Disposition-A (Social ascendance - lack of leadership)

29. Summary of the Analysis of Variance of Scores of the Ss on Social Behaviour Disposition-B (Personal responsibility - irresponsibility)

30. Summary of the Analysis of Variance on the Scores of the Ss on Social Behaviour Disposition-D (Social effectiveness - Social ineptitude)

31. Summary of the Analysis of Variance on the Scores of the Ss on Social Behaviour Disposition-E (Personal attractiveness - lack of personal appeal)

32. Summary of the Analysis of Variance on the Scores of the Ss on Social Behaviour Disposition-F (Personal security; stability - emotional inability dependency)

33. Summary of the Analysis of Variance on the Scores of the Ss on Social Behaviour Disposition-G (Compulsive domination - complaint, retiring adaptability)

34. Summary of the Analysis of Variance on the Scores of the Ss on Social Behaviour Disposition-H (Dependability non-dependency)

35. T² Statistics relating to comparison of the profiles

36. Summary of the Analysis of Variance of the Academic achievement (Marks) of the Ss.

37. Summary of the significant differences in Faulty Learning Styles found in the investigation.

38. Summary of the significant differences in Social Behaviour Dispositions found in the investigation.
