ACKNOWLEDGEMENT

The author acknowledges with sincere and deep sense of gratitude to Prof. Dr. R. VAIDYANATHAN, B.E.(Hons), M.Sc.(ENGG), Ph.D., F.I.E., M.I.S.T.E., Principal, Government College of Engineering, Tirunelveli, for having taken the author as his research candidate and for the constant guidance, encouragement, creative and valuable suggestions, keen involvement and for all facilities offered throughout this research work. It had been a matter of great pleasure and pride for the author to have worked under him.

The author expresses his thanks to the Director of Technical Education, Tamil Nadu and The Principal, Government College of Technology, Coimbatore for having permitted him to carry out this research work.

The author expresses his gratitude to Prof. Dr. D. VENUGOPALAN, B.E.(Hons), M.Sc(ENGG), Ph.D., Professor and Head of the Department of Civil Engineering for having afforded facilities to carry out this research work and for the encouragement.

The author is very much thankful to Dr. N. Jnanasekaran, Assistant Professor in Civil Engineering and Dr. R. Sundararajan, Selection Grade Lecturer in civil Engineering for the freedom, encouragement and useful advise offered during this research work.
The author acknowledges with thanks the help by Thiru. S.R. Damodarasamy, Selection Grade Lecturer in Civil Engineering, in connection with the computation work.

The author thanks Prof. S. Krishnamurthy, Asst. Professor in Civil Engineering, Govt. College of Technology, Coimbatore and Thiru V.K.KrishnanKutty, P.A. To The Principal, C.P.T., Madras, for the special encouragement and help offered by them which have been a motivating force to do this research work.

The author thanks all the members of Civil and other Departments of Govt. College of Technology, Coimbatore for the encouragement and cooperation in this work.

The author thanks the Head and faculty members of Computer Science and Engineering Department of Government College of Technology for the help and encouragement in the computation work of this research.

The author thanks the Head and all faculty members of Electrical, Electronics & Instrumentation Engineering Department, Government College of Technology for their help in extending their computing facilities.

The author profusely thanks the authors of various publications from which material has been freely drawn, especially Dr. C.S. Krishnamoorthy from whose book the bulk of the computer program has been drawn.
The author expresses his thanks for the help and encouragement by Dr. S. Arumugam, Professor and Head of Electronics and Communication Engineering, Govt. College of Engineering, Tirunelveli.

The author places on record the generosity of Prof. Dr. KN.K. B.K. Chockalingam, Head and all faculty members of Computer Science and Engineering Department of Govt. College of Engineering, Tirunelveli, in making available their Computing facilities which was of immense help to complete this thesis work.

The author acknowledges the help of Thiru. S. Kalimuthu, Draughtsman, Govt. College of Technology, Coimbatore for his neat drawing work.

AUTHOR
