ACKNOWLEDGEMENT

The author wishes to thank the God Almighty for providing the strength to take up this research work and complete it successfully.

The author wishes to express her deep sense of gratitude to Dr. S Rajasekaran, Professor of Infra Structure Engineering, Department of Civil Engineering, PSG College of Technology, Coimbatore for his invaluable guidance, inspiration, constant encouragement and untiring participation throughout the course of this research work.

The author expresses her sincere thanks to the Management of PSG College of Technology, Prof. R Rudramoorthy, Principal, PSG College of Technology and Prof. P RadhaKrishnan, former Principal, PSG College of Technology (presently Vice-Chancellor, Vellore Institute of Technology) for their personal interest and facilities provided to carry out this research work.

The author owes much to Prof. L S Jayagopal, Prof. S C Natesan, former heads of the Department of Civil Engineering and Prof. J V Ramasamy, present Head of the Department of Civil Engineering, PSG College of Technology for their encouragement and valuable suggestions.

The author records her profound thanks to Dr. P Parameswaran, Professor, Department of Civil Engineering, PSG College of Technology for the encouragement and helpful suggestions provided throughout the course of the work.
The author acknowledges her indebtedness to all her teachers whose interest and advice have always been a source of enlightenment and support.

The author takes pleasure in thanking her Colleagues, Graduate and Post Graduate students of the Department of Civil Engineering for their helpful suggestions.

The author acknowledges with thanks the efficient services rendered by M/s. Infotech Computer Services, Coimbatore in printing the manuscript.

Finally, the author wishes to express her acknowledgements to her family members for their consistent encouragement and moral support. The author is indebted to her mother for her encouragement, support and sacrifice, as her love and blessings were always an inspiration in her endeavour.
